Laurence Rees

Auschwitz A New History:

Auschwitz Laurence Rees, 2005 Auschwitz Birkenau is the site of the largest mass murder in human history Yet its story is not fully known In Auschwitz Laurence Rees reveals new insights from more than 100 original interviews with Auschwitz survivors and Nazi perpetrators who speak on the record for the first time Their testimonies provide a portrait of the inner workings of the camp in unrivalled detail from the techniques of mass murder to the politics and gossip mill that turned between guards and prisoners to the on camp brothel in which the lines between those guards and prisoners became surprisingly blurred Rees examines the strategic decisions that led the Nazi leadership to prescribe Auschwitz as its primary site for the extinction of Europe's Jews their Final Solution He concludes that many of the horrors that were perpetrated in Auschwitz were driven not just by ideological inevitability but as a practical response to a war in the East that had begun to go wrong for Germany A terrible immoral pragmatism characterizes many of the decisions that determined what happened at Auschwitz Thus the story of the camp becomes a morality tale too in which evil is shown to proceed in a series of deft almost noiseless incremental steps until it produces the overwhelming horror of the industrial scale slaughter that was inflicted in the gas chambers of Auschwitz Insights gleaned from more than one hundred original interviews shed new light on history's most famous death camp with the testimonies of survivors providing a detailed and chilling portrait of the camp's inner workings in a companion volume to the PBS documentary

Auschwitz Laurence Rees, 2005 In Auschwitz a new history documentarian Laurence Rees excavates a wealth of information and offers a new perspective in his shocking portrait of this most infamous death camp Informed by more than a

hundred original interviews with survivors and Nazi perpetrators Rees's study exposes the inner workings of the camp in unprecedented detail from the continually refined techniques of mass murder to the shrewd psychological manipulations of inmates and from the unimaginable living conditions to the bizarre microcosms that emerged such as the brothel and the dining hall where the line between guard and prisoner became surprisingly blurred

dust jacket The Holocaust Laurence Rees, 2017-04-18 This is by far the clearest book ever written about the Holocaust and also the best at explaining its origins and grotesque mentality as well as its chaotic development

Antony Beevor bestselling author of Stalingrad Laurence Rees has spent twenty five years meeting survivors and perpetrators of the Holocaust Now he combines their never before seen eyewitness testimony with the latest academic research to create a uniquely accessible and authoritative account of the Holocaust

In The Holocaust Rees offers an examination of the decision making process of the Nazi state and in the process reveals the series of escalations that cumulatively created the horror He argues that while hatred of the Jews was always at the epicenter of Nazi thinking what happened cannot be fully understood without considering the murder of the Jews alongside plans to kill large numbers of non Jews including the disabled Sinti and Roma plus millions of Soviet civilians

Through a chronological intensely readable narrative featuring enthralling eyewitness testimony and the latest academic research this is a compelling new account of the worst crime in history

Auschwitz Laurence Rees, 2005 Accompanying a major BBC PBS television event Auschwitz is the story of the role played by the most notorious Nazi concentration camp in the development of the final solution published to commemorate the 60th anniversary of the camp's liberation in January 2005

With shocking eye witness testimony and new archive material from the East Auschwitz will revise current opinion on the running of the camp and the Nazi's decision making processes

Understanding Willing Participants, Volume 2 Nestar Russell, 2018-12-27 Horrified by the Holocaust social psychologist Stanley Milgram wondered if he could recreate the Holocaust in the laboratory setting

Unabated for more than half a century his infamous results have continued to intrigue scholars

Based on unpublished archival data from Milgram's personal collection volume one of this two volume set introduces readers to a behind the scenes account showing how during Milgram's unpublished pilot studies he step by step invented his official experimental procedure how he gradually learnt to transform most ordinary people into willing inflictors of harm

The open access volume two then illustrates how certain innovators within the Nazi regime used the very same Milgram like learning techniques that with increasing effectiveness gradually enabled them to also transform most ordinary people into increasingly capable executioners of other men women and children

Volume two effectively attempts to capture how step by step these Nazi innovators attempted to transform the Führer's wish of a Jewish free Europe into a frightening reality

By the book's end the reader will gain an insight into how the seemingly undoable can become increasingly doable
