Approaches to Teaching Tolkien's The Lord of the Rings and Other Works Leslie A. Donovan, 2015-10-01 A philologist and medieval scholar J R R Tolkien never intended to write immensely popular literature that would challenge traditional ideas about the nature of great literature and that was worthy of study in colleges across the world He set out only to write a good story the kind of story he and his friends would enjoy reading In *The Hobbit* and in *The Lord of the Rings* Tolkien created an entire world informed by his vast knowledge of mythology languages and medieval literature In the 1960s his books unexpectedly gained cult status with a new generation of young countercultural readers Today the readership for Tolkien's absorbing secondary world filled with monsters magic adventure sacrifice and heroism continues to grow Part 1 of this volume Materials introduces instructors to the rich array of resources available for teaching Tolkien including editions and criticism of his fiction and scholarship historical material on his life and times audiovisual materials and film adaptations of his fiction The essays in part 2 Approaches help instructors introduce students to critical debates around Tolkien's work its sources its influence and its connection to ecology religion and science Contributors draw on interdisciplinary approaches to outline strategies for teaching Tolkien in a wide variety of classroom contexts *Approaches to Teaching Milton's Paradise Lost* Peter C. Herman, 2012-12-01 This second edition of *Approaches to Teaching Milton's Paradise Lost* addresses Milton in the light of the digital age new critical approaches to his poem and his continued presence in contemporary culture It aims to help instructors enliven the teaching of *Paradise Lost* and address the challenges presented to students by the poem the early modern syntax and vocabulary the political and theological contexts and the abounding classical references The first part of the volume Materials evaluates the many available editions of the poem points to relevant reference works

Approaches are grouped by several themes: literary and historical contexts, characters, poetics, critical approaches, classrooms, and performance. Written for readers at all levels, this book situates Jane Austen in her time and for all times. It provides a biography, locates her work in the context of literary history and criticism, explores her fiction, and features an encyclopedic, readable resource on the people, places, and things of relevance to Austen: the person and writer, details on family members, beaux, friends, national affairs, church and state, politics, themes, tropes, and literary devices ground the reader in Austen's world. Appendices offer resources for further reading and consider the massive modern industry that has grown up around Austen and her works. *Approaches to Teaching the Plays of August Wilson* Sandra G. Shannon, Sandra L. Richards, 2016-06-01. Offers pedagogical techniques for teaching August Wilson's plays in the college classroom using topics such as jazz, spatial politics, memory, satire, African belief systems, fractals, Pittsburgh, women, urbanism, Shakespeare, and Tennessee Williams. Includes information on editions, reference works, biographies, and online resources. Gives syllabus suggestions for undergraduate and graduate courses. *Critical Approaches to Teaching the High School Novel* Crag Hill, Victor Malo-Juvera, 2018-10-25. This edited collection will turn a critical spotlight on the set of texts that has constituted the high school canon of literature for decades. By employing a set of fresh, vibrant critical lenses such as youth studies and disabilities studies that are often unfamiliar to advanced students and scholars of secondary English, this book provides divergent approaches to traditional readings and pedagogical practices surrounding these familiar works. By introducing and applying these interpretive frames to the field of secondary English education, this book demonstrates that there is more to say about these texts, ways to productively problematize them, and to reconfigure how they may be read and used in the classroom. **Approaches to Teaching the Works of Ngũgĩ wa Thiong'o** Oliver Lovesey, 2012-01-01. Ngũgĩ wa Thiong'o is one of the most important and celebrated authors of postindependence Africa as well as a groundbreaking postcolonial theorist. His work, written first in English then in Gikuyu, engages with the transformations of his native Kenya after what is often termed the Mau Mau rebellion. It also gives voice to the struggles of all Africans against economic injustice and political oppression. His writing and activism have continued despite imprisonment, the threat of assassination, and exile. Part 1 of this volume, Materials, provides resources and background for the teaching of Ngũgĩ's novels, plays, memoirs, and criticism. The essays of part 2, Approaches, consider the influence of Frantz Fanon, Karl Marx, and Joseph Conrad on Ngũgĩ; how the role of women in his fiction is inflected by feminism; his interpretation and political use of African history; his experimentation with orality and allegory in narrative; and the different challenges of teaching Ngũgĩ in classrooms in the United States, Europe, and Africa. Approaches to Teaching Shakespeare's *The Taming of the Shrew* Margaret Dupuis, Grace Tiffany, 2013-01-01. The

impetus for this Approaches to Teaching volume on *The Taming of the Shrew* grew from the editors' desire to discover why a play notorious for its controversial exploration of conflicts between men and women and the challenges of marriage is enduringly popular in the classroom in the performing arts and in scholarship. The result is a volume that offers practical advice to teachers on editions and teaching resources in part 1, Materials, while illuminating how the play's subtle and complex arguments regarding not just marriage but a host of other subjects—modes of early modern education, the uses of clever rhetoric, intergenerational and class politics, the power of theater—are being brought to life in college classrooms. The essays in part 2, Approaches, are written by English and theater instructors who have taught in a variety of academic settings and cover topics including early modern homilies and music, Hollywood versions of *The Taming of the Shrew*, and student performances.
