Migration, Security, and Resistance Graham Hudson, Idil Atak, 2021-11-15 This volume explores the digitization privatization and spatial displacement of border security and the effects these have on political accountability and migrant rights The governance of security and migration is unfolding in new political spaces Cooperation and competition among immigration officials border guards transnational security corporations IT companies local police and international organizations has decoupled migration governance from national political structures The chapters in the volume examine how these dynamics affect the deployment and constraint of sovereign power in the United States Canada the United Kingdom and the EU Contributors trace this process from the disciplinary perspectives of law political science sociology criminology and geography Part I of the book explores the reconfiguration of security and migration governance through historical processes of privatization digitization and the rescaling of border control technologies to local and global spaces Part II explores how migrant rights actors have responded by rescaling resistance to global and local levels This book will be of much interest to students of critical security studies global governance migration studies and international relations

Police Funding, Dark Money, and the Greedy Institution Randy K. Lippert, Kevin Walby, 2022-05-05 Police Funding Dark Money and the Greedy Institution is about a pervasive but little studied phenomenon Private funding of public police entails private entities sending resources to police through unconventional or hidden channels sometimes for suspect reasons The book argues police acquisition of this dark money befits the notion of a greedy institution that pursues resources beyond ample public funding and needs and seeks ever more loyal members beyond its traditional boundaries to reproduce itself The book focuses on private police foundations corporate sponsorships and paid detail arrangements primarily in North America how these funding networks operate and are framed for audiences and the forms and volumes of capital they generate Based on interviews with police representatives sponsors funders and foundation representatives as well as records from over 100 police departments this book examines key issues in private funding of public police including corporatization accountability corruption and the rule of law It documents and analyzes the troubling explosion of police foundations and sponsors and corporate paid detail brokers unknown to the public as a social and policy issue and a hidden response to the global police defunding movement The book also considers potential policy responses and community safety alternatives in a more generous society An accessible and compelling read students and scholars in criminology criminal justice law sociology political science anthropology geography as well as policymakers will find this timely book revealing of a neglected growing area of police practice spanning multiple themes and jurisdictions Law

Routledge International Handbook of Police Ethnography Jenny Fleming, Sarah Charman, 2023-01-31 Ethnography has a long history in the humanities and social sciences and has provided the base line in the field of police studies for over 60 years We have recently witnessed a resurgence in ethnographic practice among police scholars and this Handbook is a response to that revival Students and academics are returning to the ethnography arena and the study of police in situ to explain the evocative worlds of the police The list of ethnographic sites is vast and all have fed the rejuvenation of ethnographic endeavour Together they suggest innovation theoretical depth broad geographical boundaries multi site experiments and multi disciplinarity all of which are central to the exploration of police and policing in the twenty first

century This Handbook encapsulates the revival of police ethnography by exploring its multidisciplinary field and cataloguing the ongoing ethnographic work It offers an original and international contribution to the field of police studies and research methods providing a comprehensive and overarching guide to police ethnography We see the previous classics in every page and still note the influence of the early ethnographers At the same time we see the innovative breadth and diversity of these narratives The aim of this Handbook is to highlight the mosaic that is police ethnography at a point in time and note with pleasure its contribution to the field once more Ethnography may be messy difficult and at times uncooperative but its results offer a unique insight into the perspectives of people and organisations that can hide in plain sight An accessible and compelling read this Handbook will provide a sound and essential reference source for academics researchers students and practitioners engaged in police and criminal justice studies

Humanness and Dehumanization Paul G. Bain, Jeroen Vaes, Jacques Philippe Leyens, 2013-10-30 What does it mean to be human Why do people dehumanize others and sometimes themselves These questions have only recently begun to be investigated in earnest within psychology This volume presents the latest thinking about these and related questions from research leaders in the field of humanness and dehumanization in social psychology and related disciplines Contributions provide new insights into the history of dehumanization its different types and new theories are proposed for when and why dehumanization occurs While people's views about what humanness is and who has it have long been known as important in understanding ethnic conflict contributors demonstrate its relevance in other domains including medical practice policing gender relations and our relationship with the natural environment Cultural differences and similarities in beliefs about humanness are explored along with strategies to overcome dehumanization In highlighting emerging ideas and theoretical perspectives describing current theoretical issues and controversies and ways to resolve them and in extending research to new areas this volume will influence research on humanness and dehumanization for many years
