Battle Story Singapore 194:

The Battle For Singapore Peter Thompson, 2010-10-07 The Fall of Singapore on 15 February 1942 is a military disaster of enduring fascination For the 60th anniversary of the liberation of the island Peter Thompson tells the explosive story of the Malayan campaign the siege of Singapore the ignominious surrender to a much smaller Japanese force and the Japanese occupation through the eyes of those who were there the soldiers of all nationalities and members of Singapore's beleaguered population An enthralling and perceptive account which never loses sight of the human cost of the tragedy Yorkshire Evening Post An insightful and dramatic analysis The Good Book Guide **Singapore: the Battle that Changed the World** James Leasor, 1968 The fall of Singapore to the Japanese on February 15 1942 *Battle for Malaya* Kaushik Roy, 2019-12-02 The historian and author of *The Army in British India* analyzes the British Indian Army's devastating loss to the Imperial Japanese during WWII The defeat of 90 000 Commonwealth soldiers by 50 000 Japanese soldiers made the World War II Battle for Malaya an important encounter for both political and military reasons British military prestige was shattered fanning the fires of nationalism in Asia especially in India Japan's successful tactics in Malaya rapid marches wide outflanking movement along difficult terrain nocturnal attacks and roadblocks would be repeated in Burma in 1942-43 Until the Allied command evolved adequate countermeasures Japanese soldiers remained supreme in the field Looking beyond the failures of command Kaushik Roy focuses on tactics of the ground battle that unfolded in Malaya between December 1941 and February 1942 His analysis includes the organization of the Indian Army the largest portion of Commonwealth troops and compares it to the British and Australian armies that fought side by side with Indian soldiers Utilizing both official war office records and personal memoirs autobiographies and oral histories Roy presents a comprehensive narrative of operations interwoven with tactical analysis of the Battle for Malaya **The Marshall Story, A Biography of General George C. Marshall** Robert Payne, 2016-10-05 This is the story of the life and mind of George C Marshall soldier and statesman as told by a distinguished writer whose own background makes him particularly qualified to discuss some of the more controversial aspects of General Marshall's work since World War II Robert Payne carefully places George Marshall against the Virginia background from which he came and takes him from there through his education at V M I his experiences as a young officer the first indications of his genius in World War I his work between the wars his colossal achievement as one of the architects of victory in World War II his ill fated mission in China his contribution to the Marshall Plan and his work in the military effort Showing in quite an extraordinary way how Marshall represents the strengths and weaknesses of the American tradition this book's study of the life of a great contemporary American illuminates the American scene with an insight rarely equaled in a biographical work The Marshall Story is neither a white wash of General Marshall nor an attack on him His errors of judgment are studied at some length partly because the same pattern of behavior is visible in each of these errors but chiefly because the consequences of error were disastrous But against these errors are set his

triumphs the first a personal one the others impersonal and prodigiously important because they affected the conduct of the war and the conduct of the peace his generalship and the Marshall Plan In this book Robert Payne s subject is a man who has been described by President Harry S Truman as the greatest living American And Payne s treatment of the subject makes The Marshall Story a study of a man who knew exactly where he was going went there made mistakes and seemed perhaps not to belong to our own time This book will shatter some illusions about George C Marshall but it will also place him in the perspective of his time and demonstrate that he may be even greater than many of us have thought him to be **The Daily**

Telegraph Story of the War: September 1941-December 1942 David Marley,1943 **Singapore 1941-1942** Allen Louis,2013-11-05 Winston Churchill described the loss of Singapore as the greatest disaster ever to befall British arms Louis Allen analyzes the remote political causes of the Japanese campaign gives an account of the events of the campaign and then attempts to apportion responsibility for the defeat *Gunfire!* Stig H. Moberg,2017-03-30 This book provides an insight into how artillery resources were established developed and employed during the Second World War using the British Royal Artillery as an example Beginning with an overview of the nature and state of readiness of the Royal Artillery on the outbreak of war the book analyses in great detail the weapons available to the Royal Artillery their technical functionality and their performance capabilities With this knowledge the author then examines the organization methods procedures and tactics employed by the Royal Artillery To complete this fascinating study Stig Moberg looks at a number of key battles from the war to see how the artillery was used and the effectiveness of its support to the British and Allied infantry in campaigns in North Africa Burma and Europe British Artillery of the Second World War is profusely illustrated throughout with photographs maps plans graphs charts and diagrams to demonstrate precisely how the British Artillery was used on the battlefields around the world Although I am an infantryman and proud of it I have many times said that the Royal Regiment of Artillery in my opinion did more to win the last war more than any other Arm of the Service Field Marshal Bernard Montgomery

Teacher Preparation in Singapore Yeow-Tong Chia,Alistair Chew,Jason Tan,2021-11-29 This book explores the history and philosophy of teacher preparation training induction and development in Singapore It goes beyond the official state celebratory narrative critically examining social and political influences on Singapore s teacher education *Nation Building* Wang Gungwu,2005 The book addresses questions such as how should historians treat the earlier pasts of each country and the nationalism that guided the nation building tasks Where did political culture come in especially when dealing with modern challenges of class secularism and ethnicity What part do external or regional pressures play when the nations are still being built The authors have thought deeply about the issues of writing nation building histories and have tried to put them not only in the perspective of Southeast Asian developments of the past five decades but also the larger areas of historiography today **War Stories II** Oliver L. North,2004-10-01 Collects war stories told by the men who lived through the battles of Bataan Oki Nawa Iwa Jima Midway Bloody Tarawa and the Doolittle Raid among other World War II battles
