Between Theater And Anthropology:

Between Theater & Anthropology Richard Schechner, 1985 In performances by Euro Americans Afro Americans Native Americans and Asians Richard Schechner has examined carefully the details of performative behavior and has developed models of the performance process useful not only to persons in the arts but to anthropologists play theorists and others fascinated but perhaps terrified by the multichannel realities of the postmodern world Schechner argues that in failing to see the structure of the whole theatrical process anthropologists in particular have neglected close analogies between performance behavior and ritual The way performances are created in training workshops and rehearsals is the key paradigm for social process *Between theater & anthropology* ,1985 *Between Theater and Anthropology* Richard Schechner, 2010-08-03 In performances by Euro Americans Afro Americans Native Americans and Asians Richard Schechner has examined carefully the details of performative behavior and has developed models of the performance process useful not only to persons in the arts but to anthropologists play theorists and others fascinated but perhaps terrified by the multichannel realities of the postmodern world Schechner argues that in failing to see the structure of the whole theatrical process anthropologists in particular have neglected close analogies between performance behavior and ritual The way performances are created in training workshops and rehearsals is the key paradigm for social process **Between Theater & Anthropology** Richard Schechner, 1989 **Critical Theory and Performance** Janelle G. between however they lack assurance that their ambiguity will be resolved This volume explores the dialogic relationship of space and agency to recognize marginal groups and people and inquire without a harmonious resolution what happens to the marginals Have race class gender and sexual orientation become the space for thinking about reintegration and communitas Each chapter examines how marginal groups or liminal spaces and ideas destabilize shape and affect the dominant culture

Playing with Purpose Mary M Gergen, Kenneth J Gergen, 2016-06-16 Mary M and Kenneth J Gergen make a strong case for enriching the social sciences through performative work establishing a framework for performative research and including many of their own performance works
