The Insecurity State Mark Condos,2017-08-03 In this provocative new work Mark Condos explores the dark underside of the ideologies that sustained British rule in India Using Punjab as a case study he argues that India s colonial overlords were obsessively fearful and plagued by an unreasoning belief in their own vulnerability as rulers These enduring anxieties precipitated and justified an all too frequent recourse to violence joined with an insistence on untrammelled power placed in the hands of the executive Examining how the British colonial experience was shaped by a chronic sense of unease anxiety and insecurity this is a timely intervention in debates about the contested project of colonial state building the oppressive and violent practices of colonial rule the nature of imperial sovereignty law and policing and the postcolonial legacies of empire

Colonial Lahore Ian Talbot,Tahir Kamran,2022-02-15 A number of studies of colonial Lahore in recent years have explored such themes as the city s modernity its cosmopolitanism and the rise of communalism which culminated in the bloodletting of 1947 This first synoptic history moves away from the prism of the Great Divide of 1947 to examine the cultural and social connections which linked colonial Lahore with North India and beyond In contrast to portrayals of Lahore as inward looking and a world unto itself the authors argue that imperial globalisation intensified long established exchanges of goods people and ideas Ian Talbot and Tahir Kamran s book is reflective of concerns arising from the global history of Empire and the new urban history of South Asia These are addressed thematically rather than through a conventional chronological narrative as the book uncovers previously neglected areas of Lahore s history including the links between Lahore s and Bombay s early film industries and the impact on the tourist gaze of the consumption of both text and visual representation of India in newsreels and photographs
