Thinking Life with Luce Irigaray Gail M. Schwab, 2020-04-01 A broad exploration of Irigaray's philosophy of life and living Featuring a highly accessible essay from Irigaray herself this volume explores her philosophy of life and living Life thinking an important contemporary trend in philosophy and in women's and gender studies stands in contrast to philosophy's traditional grounding in death exemplified in the work of philosophers such as Socrates Plato and Schopenhauer The contributors to *Thinking Life with Luce Irigaray* consider Irigaray's criticisms of the traditional Western philosophy of death including its either/or dualisms and binary logic as well as some of Irigaray's solutions for cultivating life The book is comprehensive in its analyses of Irigaray's relationship to classical and contemporary philosophers writers and artists and produces extremely fruitful intersections between Irigaray and figures as diverse as Homer and Plato Alexis Wright the First Nations novelist of Australia and twentieth century French philosophers like Sartre Badiou Deleuze and Guattari It also develops Irigaray's relationship to the arts with essays on theater poetry architecture sculpture and film This is a very timely text it places Irigaray scholarship in conversation with the lively field of feminist philosophies of life and this is a really wonderful fruitful match The collection itself contains many marvelous pieces Luce Irigaray's essay is strong and pithy she reiterates a number of her important ideas in accessible language and places them in the context of pertinent questions in feminism Sabrina L Hom coeditor of *Thinking with Irigaray*

Towards a New Human Being Luce Irigaray, Mahon O'Brien, Christos Hadjioannou, 2019-03-13 With my own introduction and epilogue *Towards a New Human Being* gathers original essays by early career researchers and established academic figures in response to *To Be Born* my most recent book The contributors approach key issues of this book from their own scientific fields and perspectives through calls for a different way of bringing up and educating children the constitution of a new environmental and sociocultural milieu or the criticism of past metaphysics and the introduction of new themes into the philosophical horizon However all the essays which compose the volume correspond to proposals for the advent of a new human being so answering the subtitle of *To Be Born* Genesis of a New Human Being *To Be Born* thus acts as a background from which each author had the opportunity to develop and think in their own way As such *Towards a New Human Being* is part of a longer term undertaking in which I engaged together and in dialogue with more or less confirmed thinkers with a view to giving birth to a new human being and building a new world

Rawlinson,James Sares,2023-06-06 Luce Irigaray has written that sexual difference is one of the major philosophical issues if not the issue of our age Spanning metaphysics phenomenology and psychoanalysis her work examines how sexual difference structures being and subjectivity organizes our experience of the world and affects the images and discourses involved in knowledge production and practical action No other philosopher has paid such careful attention to the consequences of the elision of sexual difference in philosophical thought However at a time when notions of sexual and gender difference are hotly contested Irigaray s thought has often been dismissed as essentialist or reductively binary This book brings together leading scholars to consider the philosophical implications of Irigaray s writing on sexual difference particularly for issues of gender and race Their essays directly confront the charge of essentialism exploring how Irigaray s thought opens new possibilities for understanding the complexity of gender identities including nonbinary and trans experiences as well as alternative configurations of masculinity and femininity Though Irigaray is sometimes accused of a failure to appreciate racial difference contributors show the productive role of her work in thinking race This book also illuminates how Irigaray s work provides creative practices that help realign human experience and our relations with nature and each other **The Silent God and the Silenced** Min-Ah Cho,2025-02-01 A groundbreaking exploration of the transformative power of silence The Silent God and the Silenced

Horizons of Difference Ruthanne Crapo Kim, Yvette Russell, Brenda Sharp, 2022-07-01
Horizons of Difference offers twelve original essays inspired by Luce Irigaray's complex nuanced critique of Western philosophy culture and metaphysics and her call to rethink our relationship to ourselves and the world through sexuate difference Contributors engage urgent topics in a range of fields including trans feminist theory feminist legal theory film studies critical race theory social political theory philosophy of religion environmental ethics philosophical aesthetics and critical pedagogy In so doing they aim to push the scope of Irigaray's work beyond its horizon Horizons of Difference seeks conversations that Irigaray herself has yet to fully consider and explores areas that stretch the limits of the notion of sexuate difference itself Sexuate difference is a unifying mode of thought bringing disparate disciplines and groups together Yet it also resists unification in demanding that we continually rethink the basic coordinates of space place and identity Ultimately Horizons of Difference insists that the fragmented wounded subjectivities within the dominant regime of masculine sameness can inform how we negotiate space find place and transform identity
