Building Failures Diagnosis W H Ransom:

Building Failures W.H. Ransom, 2002-11-01 In recent years building failures and the resulting lawsuits and awards for damages have frequently been in the news The biggest headlines may have been reserved for structural failures and complete collapses but we should not forget the less newsworthy failures such as leaky roofs damp walls dropped foundations and rotted timber This book gives practical guidance on the prevention of failure by describing the nature and cause of the most common defects in buildings and then shows how they should be avoided in design and construction

Building Technology Ivor H. Seeley, 1995-11-11 Describes and examines the constructional techniques choice and use of materials and the statutory requirements for domestic buildings The text is generously supported by more than 60 pages of drawings and sketches It is aimed at first and second year students in a wide variety of disciplines Expert

Managing Building Deterioration Syamilah Yacob,Azlan Shah Ali,Cheong Peng Au-Yong,2021-09-20 This book presents

the results of a novel investigation into building deterioration and defects in Malaysia's public schools. It sets forth an in-depth theoretical and empirical underpinning of the maintenance management of public schools with the view to develop a building deterioration prediction model of building condition based on factors contributing to building defects for school buildings. The approach adopted is mixed method encompassing archived documentation, questionnaire survey and interview of sampled schools in Malaysia. It presents a number of useful tables, graphs and statistical analysis which are useful in understanding the factors contributing to building defects under reference. The prediction model assists the decision making of maintenance management to be more efficient with comprehensive budgeting as well as optimal maintenance and repair work. The book is of relevance to school managers, maintenance management practitioners and academics towards measuring and improving the building condition in schools.
