Proceedings of the International Conference on

Nano-electronics, Circuits & Communication Systems Vijay Nath, 2017-03-24 This volume comprises select papers from the International Conference on Nano electronics Circuits Communication Systems NCCS The conference focused on the frontier issues and their applications in business academia industry and other allied areas This international conference aimed to bring together scientists researchers engineers from academia and industry The book covers technological developments and current trends in key areas such as VLSI design IC manufacturing and applications such as communications ICT and hybrid electronics The contents of this volume will prove useful to researchers professionals and students alike

Nanomaterials and Nano-Biochar in Reducing Soil Stress Vishnu D. Rajput, Tatiana M. Minkina, 2024-12-06 Soil deterioration loss of productivity and increases in toxic elements in soil induced by rapid industrial development and intensive cultivation are posing a serious threat to global food security and environmental sustainability Nanotechnology has

the capacity to expand current cultivation practices in a sustainable way This new book details the potential this novel technology has to reduce soil pollution enhance crop production promote sustainable agriculture and ultimately ensure food security The book emphasizes how nano biochar technology can be implemented to enhance microbial activities and other soil organism functionalities by applying or combining agricultural practices and soil health improving amendments Exploring the most promising carbon rich material that is biochar and more effectively nano biochar this book covers the characteristics production and benefits of nano enhanced biochar The role of nanobiochar in metal stress reduction for soil health improvement as a soil conditioner in reducing soil stress using integrated approaches for improving nutrient use efficiency in salinity stress management for sustainable crop production and for arsenic remediation are all considered in detail Starting with an introduction to nano biochar the book goes on to detail its benefits its conditioner like effect on soil its role in improving soil health and reducing soil stress how it improves nutrient use capacity in soil and its ability to alleviate salinity heavy metal stress and arsenic remediation in crops With its comprehensive coverage of the important topic of biochar and nano biochar the book will prove useful to companies students professors researchers and scientists who are interested in the topic of soil stress management and sustainable agriculture as well as policymakers who can recommend novel agriculture amendments

Electrospinning of Nanofibers in Textiles A. K. Haghi, 2011-12-15 Electrospinning of nanofibers has emerged as a specialized processing technique for the formation of sub micron fibers with high specific surface areas Electrospinning of Nanofibers in Textiles presents important new research in the dynamic and emerging field of electrospinning and covers all aspects of the technology as used to produce nanofibers

True Enough Farhad Manjoo, 2011-02-17 Why has punditry lately overtaken news Why do lies seem to linger so long in the cultural subconscious even after they've been thoroughly discredited And why when more people than ever before are documenting the truth with laptops and digital cameras does fact free spin and propaganda seem to work so well True Enough explores leading controversies of national politics foreign affairs science and business explaining how Americans have begun to organize themselves into echo chambers that harbor diametrically different facts not merely opinions from those of the larger culture
