Between Deleuze and Derrida Paul Patton, John Protevi, 2003-05-01 Gilles Deleuze and Jacques Derrida are the two leading philosophers of French post structuralism Both theorists have been widely studied but very little has been done to examine the relation between them *Between Deleuze and Derrida* is the first book to explore and compares their work This is done via a number of key themes including the philosophy of difference language memory time event and love as well as relating these themes to their respective approaches to Philosophy Literature Politics and Mathematics Contributors Eric Alliez Branka Arsic Gregg Lambert Leonard Lawlor Alphonso Lingis Tamsin Lorraine Jeff Nealon Paul Patton Arkady Plotnitsky John Protevi Daniel W Smith **Radical Philosophy**, 2004 *Gilles Deleuze* Constantin V. Boundas, 2011-10-27 Gilles Deleuze *The Intensive Reduction* brings together eighteen essays written by an internationally acclaimed team of scholars to provide a comprehensive overview of the work of Gilles Deleuze one of the most important and influential European thinkers of the twentieth century Each essay addresses a central issue in Deleuze's philosophy and that of his regular co author Félix Guattari that remains to this day controversial and unsettled Since Deleuze's death in 1994 the technical aspects of his philosophy have been largely neglected These essays address that gap in the existing scholarship by focusing on his contribution to philosophy Each contributor advances the discussion of a contested point in the philosophy of Deleuze to shed new light on as yet poorly understood problems and to stimulate new and vigorous exchanges regarding his relationship to philosophy schizoanalysis his aesthetic ethical and political thought Together the essays in this volume make an invaluable contribution to our understanding of Deleuze's philosophy *The Routledge Companion to Photography Theory* Mark Durden, Jane Tormey, 2019-11-07 With newly commissioned essays by some of the leading writers on photography today this companion tackles some of the most pressing questions about photography theory's direction relevance and purpose This book shows how digital technologies and global dissemination have radically advanced the pluralism of photographic meaning and fundamentally transformed photography theory Having assimilated the histories of semiotic analysis and post structural theory critiques of representation continue to move away from the notion of original and copy and towards materiality process and the interdisciplinary The implications of what it means to see an image is now understood to encompass not only the optical but the conceptual ethical and haptic experience of encountering an image The fractal is now used to theorize the new condition of photography as an algorithmic medium and leads us to reposition our relationship to photographs and lend nuances to what essentially underlies any photography theory that is the relationship of the image to the real world and how we conceive what that means Diverse in its scope and themes *The Routledge Companion to Photography Theory* is an indispensable collection of essays and interviews for students researchers and teachers The volume also features extensive images including beautiful colour plates of key photographs *Political Thinkers* David Boucher, Paul Kelly, 2017 The most comprehensive introduction to the greatest political thinkers written by a team of

international experts **Beyond the Visible: The Art of Odilon Redon** Jodi Hauptman, 2005 Caught between description and dream the felt and the imagined French artist Odilon Redon whose career bridged the 19th and 20th centuries transformed the natural world into nightmarish visions and bizarre fantasies Closely allied with the Symbolist movement Redon offered his own interpretations of literary biblical and mythological subjects created a universe of strange hybrid creatures and presented landscape in a singular way we see grinning disembodied teeth smiling spiders melancholic floating faces winged chariots unfamiliar plant life and velvety black or colored swirls of atmosphere With a recent gift from the Ian Woodner family The Museum of Modern Art is now the site of the most significant body of the artist's work outside France and this book will showcase the full range of Redon's varied oeuvre charcoal noirs luminous pastels richly textured canvases literary collaborations and experiments in printmaking and will illuminate the hold his particular kind of modernism has had on both 20th century and contemporary artists **Taking-Place: Non-Representational Theories and Geography** Ben

Anderson, 2016-04-01 Emerging over the past ten years from a set of post structuralist theoretical lineages non representational theories are having a major impact within Human Geography Non representational theorisation and research has opened up new sets of problematics around the body practice and performativity and inspired new ways of doing and writing human geography that aim to engage with the taking place of everyday life Drawing together a range of innovative contributions from leading writers this is the first book to provide an extensive and in depth overview of non representational theories and human geography The work addresses the core themes of this still developing field demonstrates the implications of non representational theories for many aspects of human geographic thought and practice and highlights areas of emergent critical debate The collection is structured around four thematic sections Life Representation Ethics and Politics which explore the varied relations between non representational theories and contemporary human geography **The Philosopher's Index** , 2007 Vols for 1969 include a section of abstracts
