Between Two Rivers A Memoir Of Christian Social Action And Ethics:

Between Two Rivers Ronald H. Stone, 2015-07-16 *Between Two Rivers* chronicles the life of noted scholar of religion politics and philosophy Ronald H Stone From his childhood between the East and West banks of the Des Moines River through graduate work in New York between the Hudson and the East Rivers through his scholarly career and retirement in Pittsburgh between the Allegheny and Monongahela Rivers the book highlights Stone s focus on Christian social ethics and his prolific writing in the area The book includes unique insights into some of the renowned scholars Stone worked with closely including Reinhold Niebuhr and Paul Tillich and it discusses Stone s scholarship on the relationship between religion and politics *Islām and the People of the Book Volumes 1-3* John Andrew Morrow, 2018-04-18 *Islam and the People of the Book* features three dozen scholarly studies on the treaties that the Prophet Muhammad concluded with Jewish Samaritan Christian and Zoroastrian communities along with translations of Six Covenants of the Prophet in over a dozen languages The combined effort of over forty five academics intellectuals and translators from around the world this work powerfully confirms the conclusions drawn by Dr John Andrew Morrow in his critically acclaimed book on *The Covenants of the Prophet Muhammad with the Christians of the World* offers unprecedented insight into the original intent of the Messenger of God and sheds light on the pluralistic nature of the constitutional state that he created The Publishers' Trade List Annual, 1918 **The Bookseller**, 1911 Official organ of the book trade of the United Kingdom **Bookseller and the Stationery Trades' Journal**, 1911 Earth-honoring Faith Larry L. Rasmussen, 2013 Thoughtful observers agree that the planetary crisis we now face climate change species extinction the destruction of entire ecosystems the urgent need for a more just economic political order is pushing human civilization to a radical turning point change or perish But precisely how to change remains an open question In *Earth honoring Faith* Larry Rasmussen answers that question with a dramatically new way of thinking about human society ethics and the ongoing health of our planet Rejecting the modern assumption that morality applies to human society alone Rasmussen insists that we must derive a spiritual and ecological ethic that accounts for the well being of all creation as well as the primal elements upon which it depends earth air fire water and sunlight He argues that good science necessary as it is will not be enough to inspire fundamental change We must draw on religious resources as well to make the difficult transition from an industrial technological age obsessed with consumption to an ecological age that restores wise stewardship of all life *Earth honoring Faith* advocates an alliance of spirituality and ecology in which the material requirements for planetary life are reconciled with deep traditions of spirituality across religions traditions that include mysticism sacramentalism prophetic practices asceticism and the cultivation of wisdom It is these shared spiritual practices that can produce a chorus of world faiths to counter the consumerism utilitarianism alienation oppression and folly that have pushed us to the brink Written with passionate commitment and deep insight *Earth honoring Faith* reminds us that we must live in the present with the knowledge that the eyes of future generations will look back at us
