Between Women Love Envy And Competition In Womens Friendships:

Between Women Luise Eichenbaum, Susie Orbach, 1988 The crucial struggle between connectedness and autonomy and its effect on friendships between women forms the heart of this brilliant and timely book Helps develop a sense of self in order to enjoy richer friendships **Between Women** Luise Eichenbaum, 1988-01-01 Two women themselves best friends explore the tensions between the strong loving feelings women have for one another and the feelings of competition envy and anger that have emerged as a result of the dramatic changes in women's roles in the 1980s *Between Women* Susie Orbach, 2012 Women today have achieved new levels of professional and personal goals and yet the support they need from their women friends can be undermined by feelings of envy competition and anger The authors tell us why denying these feelings produces new conflicts and distance between women As psychotherapists they offer ways of repairing and sustaining these most important relationships **Between Women** Susie Orbach, Luise Eichenbaum, 1987 Addressing issues raised by feminists such as Naomi Wolf Susan Faludi and Katie Roiphe this book examines what has happened to female solidarity in contemporary society and why feelings of envy competition guilt and anger threaten even the closest friendships between women Product Description **Bittersweet** Susie Orbach, Luise Eichenbaum, 1987 **Women's Best Friendships** Patricia Rind, 2012-12-06 Explore the distinct relationships of close female friends Women's Best Friendships Beyond Betty Veronica Thelma and Louise gives new and comprehensive insight into the complex world of women's closest friendships Recent studies have shown that women place enormous value on best friendships and consider them to be woven tightly into the fabric of their lives Using in depth interviews along with close readings of relevant literature and theory this book focuses on the many facets of these relationships With heartfelt first person accounts and insightful commentary from the author this book examines three intertwining themes feelings of competition issues of dependence and independence and knowing understanding This book sheds light on areas of tension among women especially difficulties in communication frustration about not being entirely let into a friend's life and thought processes and the feeling that one friend may value the friendship more than the other It also discusses women's struggles to maintain closeness over increased distances and the realization that one's friends are flawed even as friends This informative book grounded in established research and theory presents stories of real friendships told by the people who live them These women talk candidly about what makes a best friend about navigating the choppy waters of friendship and much more Somehow when we started living farther apart there were ways in which we were being insensitive We recognized that there was a really strong bond but we were taking it for granted So we talked about how close we feel to one another and perhaps how that leads to some arguments or hurt feelings Liz on how distance has affected her relationship with her best friend Susan Em and I don't fight at all I don't know if that's good or bad I don't think I do well with fights I think that's probably a lot of conflict avoidance on my part And I think it does lead to some distance even though it's a best friendship I think I'm uncomfortable asserting myself And so it's easier not to have to do that

So maybe my inability to deal with the problems keeps the friendship at a distance where it's safe and comfortable for me in that one respects Linda about her desire to avoid any confrontation with Emily her best friend
