The Good Hand Michael Patrick F. Smith, 2022-02-15 A book that should be read Smith brings an alchemic talent to describing physical labor The New York Times Book Review Beautiful funny and harrowing Sarah Smarsh The Atlantic Remarkable this is the book that Hillbilly Elegy should have been Kirkus Reviews A vivid window into the world of working class men set during the Bakken fracking boom in North Dakota Like thousands of restless men left unmoored in the wake of the 2008 economic crash Michael Patrick Smith arrived in the fracking boomtown of Williston North Dakota five years later homeless unemployed and desperate for a job Renting a mattress on a dirty flophouse floor he slept boot to beard with migrant men who came from all across America and as far away as Jamaica Africa and the Philippines They ate together drank together argued like crows and searched for jobs they couldn't get back home Smith's goal was to find the hardest work he could do to find out if he could do it He hired on in the oil patch where he toiled fourteen hour shifts from summer's 100 degree dog days to deep into winter's bracing whiteouts all the while wrestling with the demons of a turbulent past his broken relationships with women and the haunted memories of a family riven by violence The Good Hand is a saga of fear danger exhaustion suffering loneliness and grit that explores the struggles of America's marginalized boomtown workers the rough hewn castoff seemingly disposable men who do an indispensable job that few would exalt oil field hands who in the age of climate change put the gas in our tanks and the food in our homes Smith who had pursued theater and played guitar in New York observes this world with a critical eye yet he comes to love his coworkers forming close bonds with Huck a goofy giant of a young man whose lead foot and quick fists get him into trouble with the law and The Wildebeest a foul mouthed dip spitting truck driver who torments him but also trains him up and helps Smith make a hand The Good Hand is ultimately a book about transformation a classic American story of one man's attempt to burn himself clean through hard work to reconcile himself to himself to find community and to become whole
