Allen Hynek, 2023-05-01 Cited by the New York Review of Books as the best brief for visitation this classic study presents an analysis of UFO reports and concludes that many sightings cannot be easily dismissed The case against UFOs and unidentified aerial phenomena UAP has not been put to rest Although UFOs officially did not exist for decades according to the government reports of sightings continue to be made and the latest releases from the government and related hearings have surprised the world While the scientific community has put UFOs out to pasture the evidence used to dismiss them is rare and unscientific Dr Hynek a scientist himself and the only government paid ufologist in history looks at the decisions made by officialdom in the early days of ufology and how these decisions have held us back to the point that we are still naively talking about UFOs as

we were in the 1950s Has seventy years of research made no difference at all in our understanding Dr Hynek proves that there is a conspiracy afoot to hide the facts and that there are many cases that still need to be explained by mainstream science not dismissed with facile jokes and stupid logic Citing specific cases Hynek challenges those in the ivory tower by raising questions that have still not been answered and refuting mainstream arguments that have yet to be proven The Ufo Book of Lists Stephen J. Spignesi, 2000 Scores of entertaining and informative lists illuminate the UFO phenomenon Ancient Astronauts Area 51 Roswell the Hudson Valley Sightings and the Philadelphia Experiment Barney and Betty Hill and the Travis Walton Abduction Close Encounters of the 1st 2nd 3rd 4th and 5th Kind Crop Circles Galactic Departure Points for UFOs Healings by Extraterrestrials Predictions by Extraterrestrials That Came True Sounds UFOs Make Crashes With and Without Physical Evidence UFO Debunkers and Hoaxes UFO Magazines Novels TV Shows Movies Web sites Songs Conventions and Associations Also featured are the connections between UFOs and Astrology The Bible Cattle Mutilations The Flat Earth and Hollow Earth Theories The Millennium Reincarnation and more Here in an engrossing page turning style is everything readers have wanted to know about our weird universe **The Myth and Mystery of UFOs** Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune's website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don't such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard's wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard's book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard's study is a sky watcher's guide to the studies stories and debates that this elusive subject has inspired It shows that

despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth Alien Abductions and UFO Sightings 5-Book Bundle Chris A. Invoking the Beyond: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond
