Beyond Common Sense Psychological Science In The Courtroom

Susan T Fiske, C Neil Macrae

Beyond Common Sense Psychological Science In The Courtroom:

Beyond Common Sense Eugene Borgida, Susan T. Fiske, 2008-04-30 *Beyond Common Sense* addresses the many important and controversial issues that arise from the use of psychological and social science in the courtroom. Each chapter identifies areas of scientific agreement and disagreement and discusses how psychological science advances our understanding of human behavior beyond common sense. Features original chapters written by some of the leading experts in the field of psychology and law including Elizabeth Loftus, Saul Kassin, Faye Crosby, Alice Eagly, Gary Wells, Louise Fitzgerald, Craig Anderson, and Phoebe Ellsworth. The 14 issues addressed include eyewitness identification, gender stereotypes, repressed memories, Affirmative Action, and the death penalty. Commentaries written by leading social science and law scholars discuss key legal and scientific themes that emerge from the science chapters and illustrate how psychological science is or can be used in the courts.

Managing Diversity in Today's Workplace Michele A. Paludi, 2012-04-23 This four volume set provides updated empirical research and best practices for understanding and managing workplace diversity in the 21st century, including issues of gender, race, generation, disability, sexual orientation, national origin, and age. As the demographics of workplaces in the United States continue to evolve to include more women employees, a growing percentage of aged employees, and greater racial diversity, a broad understanding of human resource management issues in multiple functions is necessary. Today's workplace professionals need to be up to speed on best practices for staffing, training, and development, performance appraisals, work-family integration, compensation, health and safety, equal employment opportunity, disciplinary strategies, and labor relations, just to mention a few of the most important issues. Contributors to this exhaustive four volume set include human resource consultants, employers, scholars, management consultants, and therapists offering proven, workable solutions to assist employers in managing diversity in the 21st century workforce. The books cover topics such as diverse succession planning, formal mentoring programs, discrimination in religious organizations, transgender female workers, flexible work schedules, generational cohorts, and paid leave policy. This set will provide a lay professional reader with a thorough understanding of managing diversity in the modern workplace and serve as an essential resource for employers, labor attorneys, and human resource specialists.

The SAGE Handbook of Social Cognition Susan T. Fiske, C. Neil Macrae, 2012-04-20 The *SAGE Handbook of Social Cognition* is a landmark volume. Edited by two of the field's most eminent academics and supported by a distinguished global advisory board, the 56 authors, each an expert in their own chapter topic, provide authoritative and thought-provoking overviews of this fascinating territory of research. Not since the early 1990s has a Handbook been published in this field; now Fiske and Macrae have provided a timely and seminal benchmark, a state-of-the-art overview that will benefit advanced students and academics not just within social psychology but beyond these borders too. Following an introductory look at the uniqueness of social cognition, the Handbook goes on to explore basic and underlying processes of social cognition from implicit social cognition and consciousness and meta-

cognition to judgment and decision making Also the wide ranging applications of social cognition research in the real world from the burgeoning and relatively recent fields of social cognitive development and social cognitive aging to the social cognition of relationships are investigated Finally there is a critical and exciting exploration of the future directions in this field The SAGE Handbook of Social Cognition will be an indispensable volume for any advanced student or academic wanting or needing to understand the landscape of social cognition research in the 21st century

Gaming and Simulations: Concepts, Methodologies, Tools and Applications Management Association, Information Resources, 2010-11-30 This book set unites fundamental research on the history current directions and implications of gaming at individual and organizational levels exploring all facets of game design and application and describing how this emerging discipline informs and is informed by society and culture Provided by publisher

The SAGE Handbook of Applied Memory Timothy J Perfect, D Stephen Lindsay, 2013-12-18 A fabulous collection of essays on memory in the real world The leading scholars have been assembled to produce a volume that is intellectually rich up to date and truly important Elizabeth F Loftus Distinguished Professor University of California Irvine An invaluable resource for anyone wishing to access the current state of knowledge of or contemplating research into the growing area of applied memory research Graham Davies Editor Applied Cognitive Psychology The SAGE Handbook of Applied Memory is the first of its kind to focus specifically on this vibrant and progressive field It offers a broad and comprehensive coverage of recent theoretical and empirical research advances in the psychology of memory as they apply to a range of applied issues and offers advanced students and researchers the opportunity to survey the literature in the psychology of memory across a range of applied domains Arranged into four sections Everyday Memory Social and Individual Differences in Memory Subjective Experience of Memory and Eyewitness Memory this handbook provides a comprehensive summary and evaluation of scientific memory research as well as theory in a broad range of applied topics including those in cognitive forensic and experimental psychology Brought together by world leading scholars from across the globe The SAGE Handbook of Applied Memory will be of great interest to all advanced students and academics with an interest in all aspects of applied memory

Evaluation for Workplace Discrimination and Harassment Jane Goodman-Delahunty, William E. Foote, 2010-12-13 This book addresses the evaluation of damage for discrimination or harassment claims and explores the history and importance of this process the legal standards and the procedure for applying this evaluation in court Specific ethical issues that may arise when conducting these assessments are discussed along with suggestions to address and resolve them A helpful review of empirical research related to the frequency and types of workplace discrimination and its potential effects on employees is also included

The Oxford Handbook of Social Cognition, Second Edition Donal E. Carlston, Kurt Hugenberg, Kerri L. Johnson, 2024 This revised edition overhauls the first edition with a majority of chapters reconceptualized focusing on offering a comprehensive review and a new multigenerational perspective The chapter also includes a multitude of new topics including gender identity intersectionality

prejudice happiness and wellbeing questionnaire methodology and more

The SAGE Handbook of Gender and

Psychology Michelle K Ryan, Nyla R Branscombe, 2013-09-23 The SAGE Handbook of Gender and Psychology is a unique state of the art synthesis of the known work combined with current research trends in the broad field of gender and psychology In the past 35 years academic publications on the subject have increased tenfold and this level of activity as well the diversity of research looks set to increase in the coming years too The time is ideal for a systematic review of the field Contributions come from academics around the world and many different disciplines and as a result multiple perspectives and a diversity of methodologies are presented to understand gender and its implications for behaviour Chapters cover a wide variety of topics theoretical approaches contexts and social issues they also critically examine the key issues and current debates Both advanced students and scholars will find extensive range and depth in the topics covered across the Handbook s 29 chapters Published as a single volume the handbook is aimed at individuals as well as the library market The SAGE Handbook of Gender and Psychology will have mass appeal across the field of psychology including social psychology and gender and psychology as well a number of other subject groups such as gender studies sociology organizational behaviour and political science

Forensic Psychology Jennifer Brown, Yvonne Shell, Terri Cole, 2015-09-14 Winner of the British Psychological Society Book Award 2018 Textbook category This fascinating book examines some of the ideological underpinnings of forensic psychological research policy and practice It is refreshingly reflective and a significant contribution to the field I strongly recommend it Professor Graham Towl Durham University and formerly Chief Psychologist at the Ministry of Justice The strength of this book is the complexity of concepts and topics covered mean that it is suitable for students who wish to be challenged Dr Louise Almond University of Liverpool This is a book for people who like to think It presents the realities of practice with the challenges of theory and asks the reader to shake off complacency It is insightful and challenging but most of all it is very readable Professor Joanna R Adler Middlesex University Students of Forensic Psychology need to learn how to combine practical skills such as report writing or assessments with a critical understanding of both theory and the wider political and policy landscape that surrounds the profession Mapped to the British Psychological Society s Stage One and Two training requirements for forensic psychologists Forensic Psychology Theory Research Policy and Practice will help you understand how these crucial areas of the profession interact and how they can shape one another Throughout the text the authors provide a detailed analysis of key concepts debates and theories while weaving in insights and reflections from key professionals ensuring you have the necessary knowledge and skills to pass assignments and get past the stage 2 supervised practice requirements en route to becoming a qualified forensic psychologist This text will be essential reading for all those on MSc Forensic Psychology courses and will also be a useful reader for those on practitioner doctorates as well as the already qualified needing to keep up with the CPD The book is also a useful companion to professionals in allied criminal justice professions
