Beyond The End Of The World:

Beyond the End of the World - 2012 and apocalypse Will Black, 2010-10 This book cuts through rampant misinformation circulating about 2012 to present a coherent understanding of the Mayan calendar and the significance of the date As an anthropologist and journalist Will Black has conducted research into 2012 millenarianism for several years He consequently offers a much broader and clearer picture than other books on the subject In their haste to jump onto the 2012 bandwagon most authors seem to have forgotten that the Maya are a real people often living in as violently precarious circumstances as their ancestors Will Black demolishes fantasies about crumbling calendar stones before examining the brutal cocaine wars blighting Central America The hedonistic world of many westerners who have become interested in 2012 is contrasted sharply with the lives of ancient and modern Maya The extraordinary world of shamans is contrasted with that of New Age seekers Information about key visionary substances is offered **Living Beyond the "End of the World"**

The End of the World Marcia Sa Cavalcante Schuback, Susanna Lindberg, 2017-03-29 The end of the world opens up philosophical questions

concerning the very notion of the world which is a fundamental element of all existential phenomenological and hermeneutical philosophy Is the end of the world for us somebody's death the end of being in the world or the extinction of many or of all the end of the world itself Is the erosion of the world a phenomenon that does not in fact affect the notion of the world as a fundamental feature of all existential ontological inquiry This volume examines the present state of these concerns in philosophy film and literature It presents a philosophical hermeneutics of the present state of the world and explores the principal questions of the philosophical accounts of the end of the world such as finality and finitude It also shows how literature and cinema have ventured to express the end of the world while asking if a consequent expression of the end of the world is also an end of its expression ONE DAY BEYOND THE TOP OF THE WORLD Anthony

Caine, 2023-03-12 After leading successful hedge fund companies for twenty years Anthony Tac Caine experienced the most extreme business catastrophe imaginable Hedge fund companies managed by Tac Caine with a twenty year successful track record collapsed in only two days resulting in losses exceeding 1 billion In the midst of managing an onslaught of legal and business challenges Tac realized he needed more He needed a big positive goal something to shoot for that would motivate him And there's nothing bigger than Mt Everest With humility humor and emotion in a page turner story One Day Beyond the Top of the World captures the full Mt Everest experience Come alongside for the entire seven week Everest expedition from training trekking acclimatization living above 17 000 feet at Everest Base Camp the full cultural immersion of the Khumbu Valley and finally climbing each step from Everest Base Camp to the highest point in the world There are failures successes anxieties and elation on the journey and you will discover how Mt Everest can draw tears from even the strongest climbers And you will see how a Sherpa guide can evolve into a lifelong friend Happy and successful people are driven by planning then executing their next big goal We should always be metaphorically looking One Day Beyond the Top of the World to set the next meaningful goal What is the Everest in your life Let Tac Caine's adventure guide you to reach your own summit
