They're recruiting Northerners but she's found one who's willing to spill. It's a good thing too since things are starting to get strange. On the hunt she stumbles on an old man dressed in a burial cloth and witnesses a seeker wandering the streets where it shouldn't be. But after a friend gets caught up in the fray, Holly's hand is forced. She has to act fast to procure the information she needs. But what she learns is harrowing. The outskirts aren't just taking over the city; they're infecting people with Plush, and the quantum drive may hold the only key. In order to save lives, she's must find that pico. The only problem is it might be too late. Danger's Race Book 3 Time is running out. After defeating the uprising and becoming infected with a dose of Plush, Holly is in a race to help a seeker before it's too late. Going South is the only option. But getting there is going to prove difficult, which is why Lockland has entrusted Daze with a secret weapon. A pulse storm, overzealous militia, and uncooperative siblings are only a few of the obstacles standing in their way. Once they arrive on the coast, the prospect of finding the supplies they need dwindles. But what they uncover may be far richer. A way to move the remaining survivors forward. But the people of the town don't see it that way. They want to protect what's theirs. With the militia closing in, they do the only thing they have left to do: fight.
