## **Beyond Therapy Massage:**

*Beyond Therapy* Anne Wilson Schaef, 1992 This book recounts the author's personal and professional journey as a therapist and her movement beyond therapy. She argues that the dominant scientific and psychotherapeutic worldviews perpetuate the addictive processes they seek to cure and she describes for the first time in writing her living process work the unique model she has devised for healing addictions. Finally she presents a new theory culled from the theoretical and philosophical issues that have emerged from her journey and work.

*Beyond Therapy* Christopher Durang, 1983 Prudence is a conservative and slightly mixed up young woman who thinks Bruce is crazy. Bruce is a bisexual who lives with his male lover and is crazy about Prudence.

Because it presupposes no technical knowledge of either the spiritual traditions or psychology this collection of essays by psychologists will be of interest to anyone concerned with their own and others well being. It shows how spiritual ideas are echoed in the theories and techniques of contemporary psychology and psychotherapy and discusses some of the important issues and questions concerning the use of the spiritual traditions in working with distressed people in a variety of settings.
