Educators Sheila T. Gregory,2013-06-06 Voices of Native American Indian Educators Integrating History Culture and Language to Improve Learning Outcomes for Native American Indian Students edited by Sheila T Gregory is a comprehensive resource that provides a vivid portrait of best practices for Native American students as experienced by Native American educators This book is based primarily on research studies both quantitative and qualitative that offer new practical strategies for teachers to improve the academic performance of Native American students All of the contributors in this book are Native American Indian educators who have experienced success in their teaching practices by using a variety of multidisciplinary approaches in their practice of teaching In this collection culture is considered to be constantly evolving and is described as something that can both be learned and unlearned Furthermore people who share the same culture do not always behave in the same ways The complexity of culture then is a tremendous challenge for many researchers who strive to quantitatively define the characteristics of a population rather than contextualize through culturally relevant pedagogy Voices of Native American Indian Educators seeks to fill this enormous gap in the literature by providing both a variety of scholarly research on best practices and a generous list of references and other resources available to teachers on Native American Indian students **El-Hi Textbooks & Serials in Print, 2005** ,2005 **Pediatric Neurology** Peter Louis Heilbroner,Glenn Y. Castaneda,2007 Geared to primary care practitioners this straightforward practical guide focuses on evaluation and management of common pediatric neurologic conditions Coverage includes routine disorders such as headaches ADHD and school problems autism seizures developmental delays behavioral problems tics changes in gait and dizziness as well as neurologic conditions encountered in the emergency room The authors address everyday questions such as how to distinguish serious from non serious conditions whether or not to order an EEG or MRI what to do when a child does not respond to medication and how to discuss common concerns with parents Each chapter includes typical case studies
