R. Edman, 2005 *Children's Parenting Health: How Would You Feel If a Close Relative Got Sick and Had to Go to the Hospital*. With this book you can help a child cope with such family illnesses. Jonathan feels guilty and afraid. Hurt because his grandfather couldn't spend more time with him, the boy lashed out at Grandpa with mean words. That night Jonathan learned that the grandfather had suddenly become very sick. Jonathan and his mom then traveled to the city to wait for news about the grandfather's emergency surgery. So begins Jonathan's journey into the no kid's land of the hospital. Where a child can't yell, play or run. Where the television is always on but often without sound. And worried adults seem not to notice their kids except to say everything in OK. But children can tell otherwise. Jonathan can only guess what is really happening with Grandpa and why. Did his angry words make Grandpa sick? Will he ever get the chance to say I'm sorry or I love you Grandpa again? Jonathan's neighbor, a nurse, finds the boy lost in a hospital hallway. With her help, Jonathan finds the way back to his mom and a better understanding of illness, surgery, and what he can expect while Grandpa is healing. Esther Pearlman's illustrations bring the hospital experience to life from a kid's point of view, featuring scenes a child with an ill relative will identify with. Pearlman's sketches and observations of her grandchild during her husband's recuperation from surgery formed the basis for this collaboration with writer Melody Girard. *Any Parent Who Has Had a Loved One in the Hospital Knows the Value of Explaining this Experience to a Child*. Esther's Pearls Publishing, Santa Monica, California. **The Owner-Builder Book**. Mark A. Smith, Elaine M. Smith, 2007. This easy to understand step by step guide is clear enough for even a novice to understand. Even if you hire a contractor to build your home, this book will greatly help you understand the process. From shopping for a piece of land to getting a loan to dealing with a contractor, the Smiths' advice covers everything about building a home. The authors advise on getting organized and tackling the hardest parts of the process, step by step. Included are valuable lists, charts, ideas, and questionnaires. Also how to shop around for bargains and minimize costs, room by room. Popular Science, 1950-06.
