Building Brand With Direct Response Television:

Building Brand with Direct Response Television Doug Garnett, 2011-09-01 If you think carnival barkers are synonymous with direct response television think again In the early 1990s Doug Garnett and a small set of advertising pioneers recognized that DRTV could do much more than sell gimmicks on TV that it could be powerful advertising for brands Valuable lessons from nearly two decades creating many of the most successful brand and Fortune 500 DRTV campaigns have led to this unique book Building Brand with DRTV examines the critical strategic and tactical issues for this underutilized advertising medium and delivers powerful information from cover to cover Inside you ll learn The key strategic role DRTV can play in a marketer s advertising mix How DRTV turns brand television into a measurable medium How to identify products on the shelf that can turn into retail superheroes with DRTV Tips and Tricks for succeeding with DRTV leveraging research choosing an agency and guiding creative development And at the core you ll find Doug Garnett s secret weapon the Six Degrees of Brand DRTV that leverages the total power of DRTV In this age of new media ad agencies often promise big results then under deliver But Building Brand with DRTV puts you in control of your brand s future with the advertising business s proven game changer *MBA in Marketing - City of London College of Economics - 10 months - 100% online / self-paced* City of London College of Economics, Overview An MBA in Marketing or Master of Business Administration is a degree that will prepare you for leading positions in marketing such as Chief Marketing Officer Content What is Marketing Marketing Management Marketing Management Philosophies Marketing Challenges into the Next Century Marketing and Society Social Responsibility and Marketing Ethics Social Criticisms of Marketing Citizen and Public Actions to Regulate Business Actions Towards Socially Responsible Principles for Public Policy Towards Marketing Strategic Marketing Planning The Global Market Place Business Markets and Business Buyer Behaviour Market Information and Marketing Research Core Strategy Digital Marketing Strategy Customer Relationship Management E Commerce Fundamentals of Management And many more Duration 10 months Assessment The assessment will take place on the basis of one assignment at the end of the course Tell us when you feel ready to take the exam and we ll send you the assignment questions Study material The study material will be provided in separate files by email download link **Advanced Media Planning** John R. Rossiter, Peter J. Danaher, 2011-06-27 Media planning consists of formulating a media strategy to deliver the creative so as to best meet the brand s advertising objectives and then implementing that strategy in an accurate and cost effective manner Given that approximately ninety percent of advertising dollars are spent in media a sound understanding of media planning is essential for the researcher and professional media planner alike Although this book provides a novel and advanced approach to media planning the basics are covered as well making the book suitable for trainees The authors argue that current media planning is still too conventional that while reach and frequency are not incorrect they are certainly too simplistic for modern media planning This book introduces the advanced concept of using

reach patterns in making the reach decision and develops the method of factoring in effective frequency when making the frequency decision Reach patterns are an entirely new concept Effective frequency while not new needs proper definition and an operational formula for its calculation both of which are provided here Other new concepts are introduced and shown to be necessary for choosing an appropriate media strategy The media planning software Media Mania designed by Peter Danaher can be downloaded using the following link <http://www.mbs.edu> Media Mania Software
