

A black and white photograph showing four American prisoners of war (POWs) in Burma, 1942-1945. The men are shirtless and appear to be in a state of physical distress, with visible bandages and signs of exhaustion. They are sitting or lying down, looking towards the camera with somber expressions. The background is dark and indistinct, suggesting a prison or camp setting.

Building The Death Railway The Ordeal Of American Pows In Burma 1942 1945 48:

Building the Death Railway Robert Sherman La Forte, Ronald E. Marcello, 1993 Generosity amid the greatest cruelty Building the Death Railway gives the American perspective on events that shocked the world **Hell Under the Rising Sun** Kelly E. Crager, 2008 Late in 1940 the young men of the 2nd Battalion 131st Field Artillery Regiment stepped off the trucks at Camp Bowie in Brownwood Texas ready to complete the training they would need for active duty in World War II This title includes personal memoirs and oral history interviews of the Lost Battalion members *Historical Dictionary of Burma (Myanmar)* Donald M. Seekins, 2017-03-27 Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation With the dissolution of its military regime the State Peace and Development Council in 2011 a formally civilian but military dominated constitutional government was inaugurated By 2012 Burma s president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country s pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators However even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people s security and the environment are threatened by foreign economic exploitation Religious discord is also widely evident as Buddhist militants instigate violence against the country s religious minorities especially Muslims Today Burma s prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy This edition of the *Historical Dictionary of Burma Myanmar* encompasses not only current developments but also Burma s over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy This is done through achronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture Long Hard Road Thomas Saylor, 2008-10-14 Between 1941 and 1945 more than 110 000 American marines soldiers airmen and sailors were taken prisoner by German Italian and Japanese forces Most who fought overseas during World War II weren t prepared for capture or for the life altering experiences of incarceration torture and camaraderie bred of hardship that followed Their harrowing story often overlooked in Greatest Generation narratives is told here by the POWs themselves Long hours of inactivity followed by moments of sheer terror Slave labor death marches the infamous hell ships Historian Thomas Saylor pieces together the stories of nearly one hundred World War II POWs to explore what it was like to be the guest of the Axis Powers and to reveal how these men managed to survive Gunner Bob Michelsen bailed out of his wounded B 29 near Tokyo only to endure days of interrogation and beatings and months as a special prisoner in a tiny cell home to seventeen other Americans

Medic Richard Ritchie spent long moments of terror locked with dozens of others in an unmarked boxcar that was repeatedly strafed by Allied forces. In the closing chapter to this moving narrative the men speak of their difficult transition to life back home where many sought not always successfully to put their experience behind them. *World War II in the Pacific* Stanley Sandler, 2003-12-16 Stanley Sandler one of America's most respected and best known military historians has brought together over 300 entries by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II. Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery psychological warfare warships and the home fronts covering the interactions of each topic along the way. Long Night's Journey into Day Charles G. Roland, 2006-01-01 Sickness starvation brutality and forced labour plagued the existence of tens of thousands of Allied POWs in World War II. More than a quarter of these POWs died in captivity. *Long Night's Journey into Day* centres on the lives of Canadian British Indian and Hong Kong POWs captured at Hong Kong in December 1941 and incarcerated in camps in Hong Kong and the Japanese Home Islands. Experiences of American POWs in the Philippines and British and Australians POWs in Singapore are interwoven throughout the book. Starvation and diseases such as diphtheria beriberi dysentery and tuberculosis afflicted all these unfortunate men affecting their lives not only in the camps during the war but after they returned home. Yet despite the dispiriting circumstances of their captivity these men found ways to improve their existence keeping up their morale with such events as musical concerts and entertainments created entirely within the various camps. Based largely on hundreds of interviews with former POWs as well as material culled from archives around the world Professor Roland details the extremes the prisoners endured from having to eat fattened maggots in order to live to choosing starvation by trading away their skimpy rations for cigarettes. No previous book has shown the essential relationship between almost universal ill health and POW life and death or provides such a complete and unbiased account of POW life in the Far East in the 1940s. **Crisis Negotiations** Michael J. McMains, Wayman C. Mullins, 2014-09-19 Leading authorities on negotiations present the result of years of research application testing and experimentation and practical experience. Principles and applications from numerous disciplines are combined to create a conceptual framework for the hostage negotiator. Ideas and concepts are explained so that the practicing negotiator can apply the principles outlined. **War and Revolution** Domenico Losurdo, 2015-02-03 *War and Revolution* identifies and takes to task a reactionary trend among contemporary historians one that's grown increasingly apparent in recent years. It's a revisionist tendency discernible in the work of authors such as Ernst Nolte who traces the impetus behind the Holocaust to the excesses of the Russian Revolution or François Furet who links the Stalinist purges to an illness originating with the French Revolution. The intention of these revisionists is to eradicate the revolutionary tradition. Their true motives have little to do with the quest for a greater understanding of the past but lie in the climate of the present day and the ideological needs

of the political classes as is most clearly seen now in the work of the Anglophone imperial revivalists Paul Johnson and Niall Ferguson In this vigorous riposte to those who would denigrate the history of emancipatory struggle Losurdo captivates the reader with a tour de force account of modern revolt providing a new perspective on the English American French and twentieth century revolutions

Crisis Negotiations Michael McMains,Wayman Mullins,Andrew Young,2020-07-16 *Crisis Negotiations* Managing Critical Incidents and Hostage Situations in Law Enforcement and Corrections the sixth edition is an invaluable resource for mitigating managing or responding to high risk negotiation incidents This revision includes the current research on negotiating high risk incidents in the classroom and the field It includes an applied analysis of the value of psychopathology to high risk perpetrators It refines the empirical eclecticism introduced in the fourth edition to provide a conceptual basis for crisis negotiations The authors include summary bullet points at the end of each chapter for easy reference when negotiators are in the field and a review of the literature since the last edition appeared Their discussion of the strategic planning process involved in high risk negotiation incidents focuses clearly on the critical questions negotiators need to ask themselves about any high risk incident and provides a practical approach to the psychology of individuals that engage in high risk incidents Known as the bible to experienced professionals in the field this sixth edition of *Crisis Negotiations* is vital for practitioners as well as for criminology criminal justice or psychology courses in crisis management applied psychology and special operations in law enforcement and corrections Instructors will find it well supported by ancillary materials including discussion questions slide presentations and a test bank as well as case studies and self assessment quizzes for students making it easy to develop a first time course or to integrate it into an existing course

Valor of Many Stripes Scott Baron,2019-01-16 The award of a military decoration does not define valor it only recognizes it Many acts of notable courage and self sacrifice occur on the battlefield but are often obscured in the fog of battle or lost to history unrecognized and unheralded The largely overlooked men and women in this volume did incredible things in dire circumstances Although in some cases decorations were awarded including several Medals of Honor their stories remain unknown
