Advanced Photoshop Elements 7 for Digital Photographers Philip Andrews, 2013-09-05 This essential guide for intermediate advanced photographers has now been fully updated for Elements 7 Bestselling author and Elements guru Philip Andrews turns his expansive knowledge to this powerful application delivering once again a practical approach in a crystal clear writing style For the advanced Elements user this book offers a standalone guide to advancing knowledge of the software For those with a little less experience it works seamlessly in conjunction with Philip's other Elements guide Adobe Photoshop Elements 7 A visual introduction to digital photography Philip expands on the solid foundation delivered by that title to deliver a master guide that shows you just how powerful this deceptively simple software package can be Throughout the book Philip takes a pro's approach emphasising a streamlined non destructive workflow Diverse chapters cover the entire spectrum of photographic potential offered by the software including key areas such as darkroom techniques advanced selection techniques professional retouching photo restoration panoramas collages RAW processing and printing Additionally the content is supplemented by extra great learning tools available on a brand new website including downloadable resources and Elements vodcasts Essential reading for all photographers using Elements 7

The Photoshop Elements 9 Book for Digital Photographers Scott Kelby, Matt Kloskowski, 2010-12-07 This book breaks new ground by doing something for digital photographers that's never been done before it cuts through the bull and shows you exactly how to do it It's not a bunch of theory it doesn't challenge you to come up with your own settings or figure things out on your own Instead it does something that virtually no other Elements book has ever done it tells you flat out which settings to use when to use them and why If you're looking for one of those tell me everything about the Unsharp Mask filter books this isn't it You can grab any other Elements book on the shelf because they all do that Instead this book gives you the inside tips and tricks of the trade for organizing correcting editing sharpening retouching and printing your photos like a pro You'll be absolutely amazed at how easy and effective these techniques are once you know the secrets LEARN HOW THE PROS DO IT Each year we train thousands of digital photographers and almost without exception they have the same questions and face the same problem that's exactly what we cover in this book You'll learn The real secrets of how the pros retouch portraits How to color correct any photo without breaking a sweat you'll be amazed at how they do it How to use Camera Raw for processing not only RAW photos but JPEGs and TIFFs too And you'll learn why so many pros like it best because it's faster and easier The sharpening techniques the pros really use there's an entire chapter just on this How to deal with common digital camera image problems including removing noise and avoiding halos The most requested photographic special effects and much more THE BOOK'S SECRET WEAPON Although Elements 9 offers some digital photography features that Photoshop CS5 doesn't offer there are plenty of features that Photoshop CS5 has that Elements 9 still doesn't have things like paths Channel Mixer etc But in this book you'll learn some slick workarounds cheats and some fairly ingenious ways to replicate many of

those Photoshop features from right within Elements Plus since this book is designed for photographers it doesn't waste your time talking about how to frame a shot set your exposure etc and there's no talk about which camera or printer to buy It's all Elements step by step cover to cover in the only book of its kind
