And The Gathered And Scattered Church Exponential Series:

Exponential Dave Ferguson, Jon Ferguson, 2010-05-11 A tried and true classic in dynamic ministry growth church building and discipleship momentum From professional church planters Dave and Jon Ferguson comes the anchor book in the Exponential Series envisioning new and practical methods of building churches communities and organizations on the cornerstone of Christ Many of today's Christians consider the missional challenge of Jesus feed the hungry comfort the lonely bring people to God's Word as inspirational but not something achievable Or they've heard the challenge of Jesus and are frustrated with how little they've done Jesus gave his followers this mission because he wants them to hear it be inspired and then actually do it And it is possible Exponential lays out a concise and effective reproducing strategy giving practical steps and case studies as you follow the growth of a church movement through four main stages The initial navigation of ministry image set up and gradual growth The gathering of a community around a cause and the conversations that take place at this point The reproduction of communities into multisite growth and wider impact The infrastructure and networking of large missional movements and how to stay focused on the bedrock of the Gospel Weaved throughout this book is the amazing story of Community Christian Church which was started by five friends who used these reproducing strategies to grow one of the most influential churches in the U S and develop a network of reproducing churches Exponential is designed to help Christian leaders groups teams churches and networks experience rapid and spiritually healthy growth **AND** Hugh Halter, Matt Smay, 2010 **AND** brings you fresh encouragement to your ministry By teaching you how to move beyond the attractional missional divide and utilize insights from both perspectives you'll learn how to bring together the very best of the attractional and missional models for church ministry **AND** is part of the Exponential Series **DiscipleShift** Jim Putman, Bobby Harrington, 2013-04-23 Question What is the God given purpose of the local church Answer Relational discipleship DiscipleShift walks you through five key shifts that churches must make to refocus on the fundamental biblical mission of discipleship These intentional changes will attract the world and empower your church members to be salt and light in their communities Over the last thirty years many influential church leaders and church planters in America have adopted various models for reaching unchurched people While many of these approaches have merit something is still missing something even more fundamental to the mission of the church discipleship Making disciples helping people to trust and follow Jesus is the church's God given mandate Devoted disciples attract people outside the church because of the change others see in their Christ like lives And discipleship empowers Christians to be more like Christ as they intentionally develop relationships with non believers Through biblical and professional insights Jim Putman and Bobby Harrington discuss the transformational effectiveness of making disciples and just how to do so in practical terms You'll learn The specific roles of a disciple making pastor The components of person to person discipleship How each ministry in your church leads to discipleship How to implement discipleship in your church Disciple making leaders will not produce perfect churches but

they will create effective churches Balanced Discipleship Justin Campbell, 2023-03-09 The data is in more and more people are leaving the church We've worked hard at creating better programs better music and better sermons but it's not enough This is in stark contrast to the global church that is growing exponentially What are they doing differently What can we learn In Matthew 28 Jesus does not ask us to go into the world and make great church services he tells us to go into the world and make disciples Campbell takes a deep dive into the Great Commission exploring Jesus' balanced model of discipleship and giving us practical tools to apply to our local church **Ethnic Blends** Mark DeYmaz, Harry Li, 2010 In this Leadership Network Innovation series book Ethnic Blends Mark DeYmaz will help you navigate seven common challenges in building a healthy multi ethnic church The rise of multi ethnic churches could become the new Reformation in this century Yet the movement is in a pioneer stage and there have been few road maps until now Planting Missional Churches Ed Stetzer, Daniel Im, 2016-05-01 In this second edition of Planting Missional Churches not only will you find a completely redesigned book with new content in every single chapter but you will also find several new chapters on topics such as church multiplication residencies multi ethnic ministry multisite denominations and networks and spiritual leadership

AND Hugh Halter, Matt Smay, 2010-04-27 It's time to stop asking the old questions about how to do church better and instead ask how churches can more effectively participate in and grow God's kingdom AND helps Christian leaders recognize the best in different church models and see how to incorporate these values into a cohesive church movement By the numbers the American church enjoys the resources to profoundly impact the Kingdom But despite the rapid growth of these evangelical movements the church in the West is in decline A growing schism has emerged between the movement with a strong emphasis on attracting people and the more missional communities that focus on releasing people into ministry Church resource specialists Hugh Halter and Matt Smay have been observing these different church models and they challenge the idea that churches have to choose between them between the attractional and missional approaches to ministry With professional insight and practical advice Halter and Smay dial in on how to bring together the very best of the attractional AND missional models for church ministry by exploring The balance between gathering a community together AND scattering them into the world The harmony between centralization AND decentralization in church structure The mindset necessary to invest in both the traditional AND the innovative The drive to maintain both a vision for the future AND a depth of community for the present As churches begin to develop these ANDs they will be better positioned to influence the world according to the design of God instead of the whims of the people or the pride associated with production *Hero Maker* Dave Ferguson, Warren Bird, 2018-03-13 In Hero Maker you will learn how to bring real change to your church and community by developing the practical skills to help others reach their leadership potential Drawing on five powerful practices found in the ministry of Jesus Hero Maker presents the key steps of apprenticeship that will build up other leaders and provide strategies for how you can activate the gifts of those around you help others take ownership of their mission

develop a simple scorecard for measuring your kingdom building progress With rich insights from the Gospels Hero Maker is packed with real life ministry stories ranging from paid staff to volunteer leaders from established churches to new church plants Whether you lead ten people or ten thousand Hero Maker will not only help you maximize your leadership impact but in doing so you will also help shift today s church culture to a model of reproduction and multiplication Chicago pastor and church planter Dave Ferguson and award winning writer Warren Bird make a compelling case that God s power and purpose are best revealed when we train and release others to further advance the Kingdom of God By becoming a hero maker and investing in others you can join a movement of influencers that are impacting thousands of people around the world

Everybody wants to be a hero but few understand the power of being a hero maker **Doing Diaspora Missiology**
Toward "Diaspora Mission Church" Luther Jeom Ok Kim,2016-01-05 In U S Population Projections 2005 2050 Pew Research Center reported that The nation s population will rise to 438 million in 2050 from 296 million in 2005 and fully 82% of the growth during this period will be due to immigrants arriving from 2005 to 2050 and their descendants This shows that it is essential to study and understand how our mission especially in the context of the USA called the nation of immigrants will respond to this huge mobility of immigrant diaspora So far there has been emphasis on doing diaspora missiology however there is no practical implications and application in local church setting Now mission is next door which implies that the ministry of the local church should be emphasized for 21st contemporary mission This book provides detailed frameworks and methods of diaspora missiology within local churches called diaspora mission church According to the Bible all human beings are theologically and spiritually diaspora irrespective of ethnicity because they were banished from the Garden of Eden and scattered around the world in God s judgment Now they walk toward the encounter with Jesus Christ preach the gospel as the seed of Kingdom and finally move toward heaven **On the Verge** Alan Hirsch,Dave Ferguson,2011-05-03 How the Church can recover her original apostolic ways and become a high impact Jesus movement again in the West The church is on the verge of massive category shifting change Contemporary church growth despite its many blessings has failed to stem the decline of Christianity in the West and we are now facing the fact that more of the same will not produce different results We are already seeing this new form of the church emerge in our day an apostolic reproducing Movement that s driven by a desire to see Biblical Christianity reestablished Alan Hirsch and Dave Ferguson call this the apostolic movement because it s more resonant with the form of church that we witness in the New Testament and in the great missional movements of history And we are on the verge of a new apostolic movement In this book Christian thought leaders Hirsch and Ferguson share a rich array of theology theory and best practices along with inspiring stories about leaders who have rightly diagnosed their churches failure to embrace a biblical model of mission and have moved toward a fuller expression of the gospel On the Verge will help church leaders Imagine the contemporary Church from the apostolic perspective how we got from there to here Shift our mindset from technique how to do church to embodiment how to live as

Christ's Church Learn how to value approach and understand innovation Move whole heartedly toward the apostolic missional movement Many of the best and brightest leaders in the contemporary church are now making shifts in the way they think lead and organize On the Verge will help church leaders discover how these forerunners and their insights are launching a new apostolic movement and how any church can get involved
