Anecdotes and Biographical Sketches Elizabeth Christiana CAVENDISH (Duchess of Devonshire.), Elizabeth Cavendish Duchess of Devonshire, 1863 *British Women Travellers in the Long Nineteenth Century* Marilyn D. Button, Jessica A. Sheetz-Nguyen, 2025-03-05 During the long nineteenth century British women reframed the masculine paradigm of the Grand Tour They created a feminist travel gaze intentionally or unintentionally that differed from that of male peers Unlike their brothers who went for personal edification women with means left their English homes for the great Italian cities of Florence Naples and Rome to escape personal disappointments and the social limitations imposed by parents spouses and society The anonymity of travel to a distant land and new freedoms fostered political and creative achievements including entrepreneurial journalism literary masterpieces and social advocacy for their gender which redefined the contours of the Anglo Italian cultural landscape The historical evidence presented here testifies to the life changing capacity of travel and firmly demonstrates how British women s history and literature enriches and broadens narratives about Britain and the World **The Cambridge Modern History**, 1907 **Anecdotes and Biographical Sketches (Classic Reprint)** Elizabeth Duchess of Devonshire, 2017-12 Excerpt from *Anecdotes and Biographical Sketches* Among the numerous papers letters journals of the late Duchess of Devonshire which fell into the hands of her executors were found several small volumes of *Anecdotes and Biographical Sketches of Distinguished Persons* which gives them an interest The Duchess herself was a person of acknowledged talent and associating with all that were most celebrated at home and abroad no one could be better qualified than herself in forming a just opinion of the persons she came in contact with and by most of whom she was loved and admired About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Cambridge Modern History Atlas** Adolphus William Ward, 1912 **The Suffolk Green Books**, 1900 **Personal Writings by Women to 1900** Gwenn Davis, Beverly A. Joyce, 1989 **Companions Without Vows** Betty Rizzo, 2008-09-01 *Companions Without Vows* is the first detailed study of the companionate relationship among women in eighteenth century England a type of relationship so prevalent that it was nearly institutionalized Drawing extensively upon primary documents and fictional narratives Betty Rizzo describes the socioeconomic conditions that forced women to take on or to become companions and examines a number of actual companionate relationships Several factors fostered such relationships Husbands and wives of the period lived largely separate social lives yet decorum prohibited genteel women from attending engagements unaccompanied Also women of position insisted on having social consultants

and confidantes Filling this need were the many well born young women without sufficient funds to live independently Because family money and property were concentrated in the hands of eldest sons these women frequently had to seek the protection of female benefactors for whom they performed unpaid nonmenial tasks such as providing a hand at cards or simply offering pleasant company The companionate relationship between women could assume many forms Rizzo notes It was often analogous to marriage with one partner dominant and the other subservient while some women experimented in establishing partnerships that were truly egalitarian Rizzo explores these various types of relationships both in real life and in fiction noting that much of the period s discourse about women s relationships can be seen as a tacit commentary on marriage Provocative and engagingly written this authoritative work casts new light on women s attempts to deal with a patriarchal power structure and offers new insight into eighteenth century social history **Horringer Parish Registers**
