the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet. As our world resets itself so too must we reset ourselves. What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension. Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living. Why? Many of us may be existing as a two or a three dimensional person. The energies that sustain those dimensions no longer exist on this planet. So the old ways of thinking or operating that produced success at one time no longer exist. It is now necessary for us if we are to exist in harmony with our planet to transition as well. If we choose not to transition then frustration and anger will become paramount in our lives. The choice is up to us. To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking. We are able to see the perfection where formerly we saw the illusion of imperfection. This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony. We are then able to turn possibilities into probabilities and probabilities into actualities. This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible. Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop. All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future. You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing. You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook. You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center. By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart. As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within. These negative emotions equate disease. This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you, a lighter you. We then experience a new energy, a more evolved energy, a higher vibrating energy as we invite the energy of excellent health and balance into our bodies. It is here that **Les Anges pour Débutants** Richard Webster, 2018-07-13T00:00:00-04:00 D couvrez comment vous connecter aux guides et aux gardiens divins depuis les archanges jusqu'aux anges particuliers de la guérison et de l'abondance.
