Ask Me Anything 2 J. Budziszewski,2014-02-27 College students have real questions about real life issues Professor Theophilus offers answers in a completely fresh way from a Christian standpoint Sixteen dialogues about college life for Christians cover topics such as faith and reasoning love and sex and much more **Ask Me Anything J.**

Budziszewski,2014-02-27 The college years are full of life defining questions and concerns Dr Budziszewski aka Professor Theophilus offers his expert opinion to help students achieve personal insight about the most controversial and confusing topics they may face How We Are Healed Jeffrey Driscoll,2007-07 A first aid resource for the deep problems people face in their lives this text provides immediate help to the desperate reader who might be experiencing difficulty with biblical advice from a variety of sources 184 pp Christian **Writing That Makes Sense, 2nd Edition** David S.

Hogsette,2019-11-05 The second edition of *Writing That Makes Sense* takes students through the fundamentals of the writing process and explores the basic steps of critical thinking Drawing upon over twenty years of experience teaching college composition and professional writing David S Hogsette combines relevant writing pedagogy and practical assignments with the basics of critical thinking to provide students with step by step guides for successful academic writing in a variety of rhetorical modes New in the second edition Expanded discussion of how to write effective thesis statements for informative persuasive evaluative and synthesis essays including helpful thesis statement templates Extensive templates introducing students to conventions of academic discourse including integrating outside sources interacting with other writers ideas and dialoguing with multiple perspectives Examples of academic writing from different disciplines illustrating essay titles abstracts thesis statements introductions conclusions and voice Expanded discussion of voice in academic writing including an exploration of active and passive voice constructions in different disciplines and tips on how to edit for clarity A new chapter on writing in the disciplines Updated sample student papers New readings with examples of opposing views and multiple perspectives **Following Jesus into College and Beyond** Jeff Baxter,2009-07-13 Are you fully prepared to enter

the real world after high school to become an adult This book will help you get on the right trail answering the right questions and getting the right gear for the journey *The Quest For Truth* Michael Dedivonai,2012-08-30 This book is for the reader who takes interest in an age old issue that remains contemporary with every succeeding generation When how and why we are here are questions that have caused countless generations of thinkers and laymen alike to intuitively seek at the very least the semblance of an answer to questions that have become more of an outlook than a science and in turn spring up among the problems of modern life as opposed to allowing for a resolution to that which was intended to clarify instead of further complicate Free from the shackles and bias imposed by the various schools of religious scientific and philosophical thought the examinations offered herein are rooted in systematic analyses of the scientific philosophical ethical social and finally the religious which in turn allows for the explanation and justification of concepts that enable the reader to

adopt a perspective relevant to the distinctions of absolute truth and relativistic assumptions Our age is accurately referred to as the age of advancement and technology and for good reason The rapid pace of progression over the last century in the life sciences has contributed to a broadened understanding of knowledge itself and its relation to the psychological and sociological aspects of our existence As a result of the significant expansion of the sciences the desire for an understanding of self and simply of why has in many ways been diluted thus negating the never ending questions that once tugged at man s conscious in the middle of the night for thousands of years Today s amazing achievements have laid the foundation for a whole series of newer problems and questions that threaten mankind as never before The medical and biological sciences have enabled us to have a life expectancy beyond that of prior generations however coupled with that are the problems of population explosion which in the not too distant future will give rise to serious concerns We have the ability to harness the power of the atom yet along with it comes the ability to destroy all that we hold sacred Taking into consideration the advanced age we live in how does one account for the remarkable complexity extant throughout the known universe Is one to assume that our consciousness coupled with our overwhelming sense of purpose can be attributed solely to random chance alone The law of causation deals with the need for a preceding event leading to the outcome and despite the fact that this scientific age has left its handprint on every facet of life today it has failed to satisfy the innate question of simply why

The Revenge of Conscience J. Budziszewski,2010-06-01 Describing the political effects of Original Sin Professor Budziszewski shows how man s suppression of his knowledge of right and wrong corrupts his conscience and accelerates social collapse The depraved conscience grasps at the illusion of moral neutrality the absurd notion that men live together without a shared understanding of how things are After evaluating the political devices including the American Constitution by which men have tried in the past to work around the effects of Original Sin Dr Budziszewski elucidates the pitfalls of contemporary communitarianism liberalism and conservatism
