Evaluating the Effectiveness of Academic Development Lorraine Stefani, 2010-10-04 How can Academic Developers provide evidence of the effectiveness and added value of their work to the key stakeholders within their institutions

Written for Academic Developers academic administrators and others responsible for promoting organizational change Evaluating the Effectiveness of Academic Development is a professional guide that shares best practice advice and provides developers with useful frameworks for effective evaluation and monitoring of their work Through case studies and up to date examples from experts in the field this collection explores the nuances of evaluative practice and the tensions inherent in claiming a causal link between academic development and organizational transformation As higher education institutions continue to seek effective ways to determine the impact of academic development on organizational transformation in general and student learning in particular

Evaluating the Effectiveness of Academic Development is sure to be an invaluable resource

Leadership through Collaboration Ann S. Ferren, Wilbur W. Stanton, 2004-02-28 This book is organized around 11 topics including the skills and personal qualities needed to provide effective academic leadership strengthening the infrastructure for academic affairs through strategic planning facilities planning and technology integration the importance of developing new resources and linking them to academic priorities academic entrepreneurship assessing academic quality and improving programs and services continuous improvement the central importance of investing in the faculty and improving academic decisions The chief academic officer must be the voice for the campus s academic purposes and a source of energy in supporting the activities of others Collaboration with colleagues across the institution is key to Ferren and Stanton s approach Their experiences in administrative roles ranging from department chair to provost have provided them with the ability to conduct and utilize many studies including budget adequacy modeling and salary equity studies These are issues for which the

authors have been responsible for implementation and decision making allowing them to understand that collaborative processes and partnerships such as chairs with deans deans with vice presidents faculty with administrators or the CAO with members of the president's cabinet are as important as informed decision making Because CAOs are less likely to read what business officers and vice presidents for administration read this book attempts to integrate differing institutional perspectives and explain processes and criteria CAOs can tailor their decisions to institution circumstances and solve problems with greater insight
