Cunningham,2016-10-16 Excerpt from The Secret of Progress Buckle¹ regarded it as clear that militarism and high intellectual development were not compatible till recently many people were prepared to believe that warfare was alien to the interest of civilised peoples and could only occur among half civilised or backward races But this war has shown that these hopes were vain and that the last result of civilisation was not to render war impossible but to give the means of carrying it out on a vastly extended scale The increase of knowledge and of power over nature and the sense of the benefits of intercourse and inter communication have not sufficed to give us any immunity from war About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Charles Walston,2019-02-07 Excerpt from The English Speaking Brotherhood and the League of Nations I should again like to publish here two letters from personal friends whom I consider to have been at that time the most representative of the two broadly differing if not Opposed conceptions of America's position in the foreign affairs of the world John Hay and Charles Eliot Norton About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Industrial Colonies and Village Settlements for the Consumptive (Classic Reprint) German Woodhead,2018-01-19 Excerpt from Industrial Colonies and Village Settlements for the Consumptive Symonds and we together examined the patients sampled the climate and other conditions and argued with Unger and Ruedi Then for the second time came Hope more solid Hope Given a fairly early case and three years and recovery was in the offing And so we went on cheerfully with Davos But Davos was not for every one nor was every case an early one Then came the discovery that lower altitudes would do if certain conditions were obtained and so arose the great sanatorium movement But slowly we found that patients could not spend their lives in sanatoriums and one day on making my way up to one of them in England I met on the way patient after patient slouching along bored to death with themselves and with each other and even worse in morale than in body Better discipline and better notions of therapeutics mended some of that still I could not forget those listless saunterers and it became evident to some of us however unwillingly that Hope was drooping again The sanatorium was doing a great educative work no doubt but at the end of its four or six months what then To send the patient away with recommendations about light jobs and a regime was almost a mockery or quite What about the wage and the family to be supported The next lesson was brought home to me by a visit with other commissioners to certain cities concerning some such problems Before me now I see a gaunt hollow eyed man coughing and leaning against the wall as he tried to talk to us saying that his mates when he came out of the sanatorium good fellows as they were had bought him a milk that he might creep round and earn a bit The brave wife shawl on head and mill apron on had just come from the factory and apologised for the dirty house as well she might The poor thing was working all day at the factory to keep the wolf from the door All being dragged down together into the pit What is the value of a good house or a clean house if no wages What is there for the children And what is to stop the infection Who then would have the imagination the initiative the business

The Works of Victor Hugo (Classic Reprint) Victor Hugo, 2017-10-18 Excerpt from The Works of Victor Hugo These Greek capitals black with age and quite deeply graven in the stone with I know not what signs peculiar to Gothic caligraphy imprinted upon their forms and upon their attitudes as though with the purpose of revealing that it had been a hand of the Middle Ages which had inscribed them there and especially the fatal and melancholy meaning contained in them struck the author deeply He questioned himself he sought to divine who could have been that soul in torment which had not been willing to quit this world without leaving this stigma of crime or unhappiness upon the brow of the ancient church About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
