Raymond, 2011-08-09 Based on refractions of earlier beliefs modern angels at once terrible and comforting frighteningly other and reassuringly beneficent have acquired a powerful symbolic value This interdisciplinary study looks at how humans conversed with angels in medieval and early modern Europe and how they explained and represented these conversations Angels in Islam Stephen Burge, 2015-12-22 Angels are a basic tenet of belief in Islam appearing in various types and genres of text from eschatology to law and theology to devotional material This book presents the first comprehensive study of angels in Islam through an analysis of a collection of traditions hadith compiled by the 15th century polymath Jalal al-Din al-Suyuti d. 911 1505 With a focus on the principal angels in Islam the author provides an analysis and critical translation of hadith included in al-Suyuti's al-Habab al-Akhbar al-Malak The Arrangement of the Traditions about Angels many of which are translated into English for the first time The book discusses the issues that the hadith raise exploring why angels are named in particular ways how angels are described and portrayed in the hadith the ways in which angels interact with humans and the theological controversies which feature angels From this it is possible to place al-Suyuti's collection in its religious and historical milieu building on the study of angels in Judaism and Christianity to explore aspects of comparative religious beliefs about angels as well as relating Muslim beliefs about angels to wider debates in Islamic Studies Broadening the study of Islamic angelology and providing a significant amount of newly translated primary source material this book will be of great interest to scholars of Islam divinity and comparative religion Caravaggio David M. the 92 metre frieze of the Voortrekker Monument in Pretoria one of the largest historical narratives in marble has been made the subject of a book The pictorial narrative of the Boer pioneers who conquered South Africa's interior during the Great Trek 1835-52 represents a crucial period of South Africa's past Conceptualising the frieze both reflected on and contributed to the country's socio-political debates in the 1930s and 1940s when it was made The book considers the active role the Monument played in the rise of Afrikaner nationalism and the development of apartheid as well as its place in post-apartheid heritage The frieze is unique in that it provides rare evidence of the complex processes followed in creating a major monument Based on unpublished documents drawings and models these processes are unfolded step by step from the earliest discussions of the purpose and content of the frieze through all the stages of its design to its shipping to post-war Italy to be copied into marble from Monte Altissimo up to its final installation in the Monument The book examines how visual representation transforms historical memory in what it chooses to recount and the forms in which it is depicted The second volume expands on the first by investigating each of the twenty-seven scenes of the frieze in depth providing new insights into not only the frieze but also South Africa's history François van Schalkwyk of African Minds co-publisher with De Gruyter writes From Memory to Marble is an open access monograph in the true sense of the word Both volumes of the digital version of the book are available in full and free of charge from the date of publication This approach to publishing democratises access to the latest scholarly publications across the globe At the same time a book such as From Memory to Marble with its unique and exquisite photographs of the frieze as well as its wealth of reproduced archival materials demands reception of a more traditional kind that is on the printed page For this reason the book is likewise available in print as two separate volumes The printed and digital books should not be seen as separate incarnations each brings its own advantages working together to extend the reach and utility of From Memory to Marble to a range of interested readers For more material you can browse at Stanford's database Voortrekker Monumentality a digital archive
