Between Two Worlds Malcolm Gaskill, 2014-11-11 In the 1600s over 350 000 intrepid English men women and children migrated to America leaving behind their homeland for an uncertain future Whether they settled in Jamestown Salem or Barbados these migrants entrepreneurs soldiers and pilgrims alike faced one incontrovertible truth England was a very very long way away In **Between Two Worlds** celebrated historian Malcolm Gaskill tells the sweeping story of the English experience in America during the first century of colonization Following a large and varied cast of visionaries and heretics merchants and warriors and slaves and rebels Gaskill brilliantly illuminates the often traumatic challenges the settlers faced The first waves sought to recreate the English way of life even to recover a society that was vanishing at home But they were thwarted at every turn by the perils of a strange continent unaided by monarchs who first ignored then exploited them As these colonists strove to leave their mark on the New World they were forced by hardship and hunger by illness and infighting and by bloody and desperate battles with Indians to innovate and adapt or perish As later generations acclimated to the wilderness they recognized that they had evolved into something distinct no longer just the English in America they were perhaps not even English at all These men and women were among the first white Americans and certainly the most prolific And as Gaskill shows in learning to live in an unforgiving world they had begun a long and fateful journey toward rebellion and finally independence

Mothering Across Cultures Angelita Dianne Reyes, 2002

On the Very Edge Ian Kinane, 2025-01-15 On the Very Edge Bidentities in Michelle Cliff s Fiction uses the life and work of bisexual biracial and bicultural author Michelle Cliff 1946 2016 to develop an entirely new approach to intersectional cultural race and gender sexuality studies that prioritizes bi ness as a methodological tool The book focuses not simply on bisexuality biracialism or biculturalism as isolated identity concepts rather it explores the very nature of these intersectional identity categories as configured by Cliff The text therefore represents a reclamation of bi identity in Cliff s work as a much broader cultural and not just sexual or racial category arguing that Cliff s spaces and or stages of bi ness are in themselves significant in understanding contemporary global identity politics as well as in navigating complex and often damaging identity constructs Michelle Cliff partnered with poet Adrienne Rich and passing as white had an often invisible sexuality and cultural identity Yet her acclaimed work *Abeng* *No Telephone to Heaven* *Bodies of Water* *If I Could Write This in Fire* *Free Enterprise* and others demonstrates the intersections between bisexuality biracialism and biculturalism in often profound ways Drawing on original research interviews diaries editorials and other correspondences **On the Very Edge** will have far reaching implications in the understanding of complex Caribbean identity politics and intersectional race gender and sexuality studies at large
