meets the new doctor with the strange golden glow who tells her she's special and doesn't belong there. When he transfers her out of the facility to a school in Egypt for children with angelic blood, Luna begins to realize there might be more to her troubled past than she has always believed and that a future might be possible for her after all. But Luna is an outcast everywhere she goes and in the one place where she's meant to belong, she finds solace in the one person she shouldn't. Caleb is a Dark, Lights and Darks aren't supposed to be friends. And yet she finds herself drawn to him despite the forces around them trying to keep them apart. As a Dark Nephilim, CALEB has spent his whole life hating Lights, so when his teacher volunteers him for a transfer opportunity to the Light school in Alexandria, he is opposed to the idea. Until she reveals that his grandfather is imprisoned at the academy and Caleb decides that being the one Dark in a school full of Lights will be worth the prejudice he'll face for the chance to set him free. But then Caleb meets Luna and suddenly releasing his grandfather is no longer his priority. Luna is a Light, Caleb shouldn't like her. And yet he finds himself feeling things for her despite duty, logic, and sense warning him not to. Luna and Caleb are prepared to fight for each other, but with a prophecy and the threat of a second Fall to contend with, they'll face greater hurdles than just their differing bloodlines. Can they overcome the ancient rift between their kind, proving love can prevail over hate? Or will their budding relationship become another casualty to war?

The Honest Art Dictionary The Art History Babes, 2020-09-01 From the popular arthistorybabespodcast, a tidy, helpful, and informative guide to what can be a Tower of Babel of art jargon. Republican American. In this art dictionary, like no other, The Art History Babes, the hosts behind the prolific podcast, break down the elitist world of art with definitions of over three hundred essential art terms. Art speak is infamously alienating, strange, and confusing as hell. Think stereotypical, stylish art dealers who describe art as derivative and dynamic, or stuffy auction houses filled with portraits of dead white people called Old Masters. What do these words mean? Where did they come from? And how can you actually use them? The Honest Art Dictionary spans art history, iconic movements, peculiar words, and pretentious phrases. After reading this book, you'll be able to lay down that art jargon with the best of them. From avant-garde to oeuvre, the Harlem Renaissance to New Objectivity, museum fatigue to memento mori, the Babes use their whip-smart humor, on-point knowledge, and a heavy dose of candor to explain even the most complex ideas in bite-sized, relatable, and often humorous definitions. With illustrations from Carmen Casado, The Honest Art Dictionary is a valuable starter pack for those new to the study of art history, those re-exploring the discipline, or those simply interested in impressing their friends during a trip to the local art museum.
