Domains of Decision Management James E. Moffett, 2020-11-30 Many factors cause decision blunders in management, including time constraints, financial egoism, bounded rationality, industry competition, garbage can thinking, a paradox of choice, governance failures and groupthink. Moffett Sr. teaches readers to avoid these common pitfalls through his ground-breaking decision process known as DDM. *Domains of Decision Management* is written in plain language that all levels of management can benefit from.
