What Everyone Should Know About Business Patrice Flynn, 2025-03-25 This practical and informative primer is a new kind of teaching tool that is easy to read, easy to understand and easy to apply. Dr. Flynn presents the functional areas of business from entrepreneurship to small business development, legal structure, growth strategy, going global, finance, digitization, marketing and management. Theory is matched with game-changing realities in today's business environment such as far-reaching networked digital supply chains, personalized geolocation marketing, 5 nm micro processing chip architecture and hyperscale data centers triggering the generative AI boom and sophisticated hybrid legal structures and financial management systems. Producing Games D. S. Cohen, Sergio A. Bustamante, 2012-09-10 Computer games are big business: tens of billions of dollars are spent annually by the worldwide video games market. The cost of producing video games has ballooned to beyond 20 million dollars in many cases and team sizes are quickly growing past 100 team members. At the center of this storm is the producer: one person who transforms the money, the hours spent by the team and the latest technology into a work of art that millions of people will call fun. This book will dig deeply into the role of the producer and expose secrets of game production that stand the test of time: how to build a great team, how to plan a major game development project and how to pull the development team toward the vision of a great game.
