Assessing For Learning Librarians And Teachers As Partners 2nd Edition:

Assessing for Learning Violet H. Harada, Joan M. Yoshina, 2010-10-21 In this book theory is blended with practical application to provide a concise up to date explanation of how school librarians can work with students and teachers to assess for learning in 21st century schools Coauthors Harada and Yoshina authored the first text that focused on learning assessment in a school library context In this revised and expanded version of *Assessing for Learning Librarians and Teachers as Partners* they continue to shed light on the issue of school librarians helping students to assess for learning The book begins with a brief discussion of national reform efforts and the importance of assessment for effective learning within this context The balance of the book provides numerous strategies and tools for involving students as well as library media specialists in assessment activities emphasizing the importance of students assessing for their own learning It also provides specific examples of how assessment can be incorporated into various library related learning activities All chapters in this second edition have been updated with additional information and three new chapters on assessing for critical thinking dispositions and tech related learning have been added

Assessing Learning Violet H. Harada, Joan M. Yoshina, 2005-06 Focusing on the role of library media specialists in assessing student learning this is the first full length book written to address its practical application in the school library media center It is an important book for school librarians to consider as they address their role as teachers in schools and the accountability issues associated with that role It places students at the center of the assessment equation and addresses the following topics as they relate specifically to school library instructional programs purposes of assessment essential elements of assessment knowing what to assess multiple methods for assessment and management and communication of assessment results The book's primary audiences are library media specialists and teachers in K 12 settings It is also relevant for other educators who are centrally involved in K 12 programs including district regional and state library media coordinators building level administrators and library school educators The authors cull from their own 30 year careers as library practitioners university instructors and workshop presenters to present doable practical methods for the library media specialist to be involved in assessing student learning Though this topic appears in the theoretical literature and is addressed in journal articles or chapters in contributed books this is the first practical in depth analysis for the school library field

Collaborative Models for Librarian and Teacher Partnerships Kennedy, Kathryn, 2013-07-31 Once considered designated storytellers modern library professionals are emerging as experts in technology integration information literacy and curriculum alignment Though their collaboration with technology specialists and administrators continues to be a struggle *Collaborative Models for Librarian and Teacher Partnerships* brings together best practices and innovative technological approaches in establishing the media specialist teacher partnership Highlighting theoretical concepts of case based learning knowledge repositories and professional learning communities this book is an essential practical guide for professional development specialists administrators library media specialists as well as teacher

educators interested in maintaining and developing collaborative instructional partnerships using emerging digital technologies

The School Library Manager Blanche Woolls, Joyce Kasman Valenza, April M. Dawkins, 2023-06-15 The seventh edition of this comprehensive school library management text expands upon the role of the school librarian especially in the ever growing digital realm and highlights the importance of school librarian leadership and outreach In an era of budget cuts reduced staffing and a global pandemic it s more important than ever for new LIS professionals and established school librarians and administrators to demonstrate the value of school libraries to decision makers This revised and updated edition of a classic text adds two well known authors to help lead readers through the many essential management tasks and skills required to administer the successful school library program It emphasizes the importance of the school librarian in providing digital access to information for teachers and students describes how facilities are being modified to accommodate new resources and programming and offers new ways to use AASL standards to evaluate programs All chapters are updated and the text addresses such timely subjects as providing information resources when students teachers and librarians are interacting online A new chapter highlights the importance of the school librarian s leadership in schools districts and communities This invaluable textbook teaches practical skills for school library management and offers inspiration and guidance for growing LIS careers

Activism and the School Librarian Deborah D. Levitov, 2012-06-12 This book provides practical strategies and step by step plans for developing advocacy initiatives for school libraries School libraries provide an essential service to the community but without proper funding few libraries stand a chance to maintain the resources they offer or to survive at all School librarians can play an instrumental role in the survival of their programs This how to book provides school librarians with effective advocacy and activism strategies for promoting and improving their library programs Activism and the School Librarian Tools for Advocacy and Survival offers straightforward practical approaches for creating advocacy programs This guidebook examines the characteristics for becoming an advocate explores the meaning of advocacy activism as an effort that is ongoing and proactive and provides the steps required for initiating a successful program The contributors address the various types of advocacy and activism including legislative advocacy at the local state and national levels school and district level programs and community based initiatives The book includes expert advice from successful advocates and provides helpful reproducible tools

Inquiry and the Common Core Violet H. Harada, Sharon Coatney, 2013-12-16 Practicing librarians and library educators demonstrate the power of inquiry to achieve the Common Core State Standards CCSS and promote school librarians as key partners in implementing this type of critical teaching and learning in K 12 schools With the adoption of the CCSS in most of the nation s schools educators and administrators at K 12 schools have a pressing need to find the best ways to implement these rigorous and comprehensive standards that challenge students to understand informational text and digital content at increasing levels of complexity This text provides faculty with much needed support in achieving this critical goal thoroughly describing inquiry learning and how

it links to the CCSS The authors nearly 30 contributors total comprising librarians library media specialists educational leaders teachers from the kindergarten level to college professors and administrators each with direct experience and knowledge regarding the subject matter explain how the standards emphasis on in depth investigation and evidence based reading and writing skills dovetail perfectly with inquiry based learning initiatives Acclaimed thought leaders such as Jean Donham Kristin Fontischiaro Leslie Maniotes and Barbara Stripling clearly define and illuminate the librarian s role in school initiatives today and share lesson plans that have been proven effective in actual practice
