Anecdotal eccentric but wholly enchanting and wise a lovely book by a lovely man Bernard Crick Independent Profound funny modest and necessary Philip Oakes Times Literary Supplement An excellent writer essentially timeless John Gross Sunday Telegraph The perfect elegiac postscript not only arresting but original Anthony Howard Sunday Times Part meditation part commonplace book First and Last Things is an attempt by a writer of great distinction and strong convictions to take stock of his beliefs and values Here Richard Hoggart considers the big questions without shortchanging readers with easy answers He examines problems as he sees them of faith the mysterious origins of conscience the importance of family and friends the value of literature the nature of memory and the need in old age to find some value in existence To these issues and many others the author brings a lifetime of rich experience and a mind well stocked with the best that has been written by those who have gone before What emerges above all in this work is Richard Hoggart s love of almost obsession with quotations from great authors especially of course Shakespeare He muses on the business of capitalism and democracy noting a reluctant conclusion that democracy is the least worst form of government and that capitalism is its inevitable partner but one which democratic societies should treat with a very long spoon He argues that market and consumer driven societies are inevitably led to relativism head counting and populism The result is a book that is introspective without being self absorbed that is thought provoking but never preaching that is profound without being portentous First and Last Things is a work that the young should read if only to discover how much there is still to understand and one that the old will treasure Richard Hoggart was educated at Leeds University Later as professor of modern English literature at Birmingham University he founded the Centre for Contemporary Cultural Studies He has authored or edited twenty seven books including Between Two Worlds Politics Anti Politics and the Unpolitical The Uses of Literacy and The Tyranny of Relativism all available from
