Beyond Contact Brian McConnell, 2001-03-20 SETI has become a popular past time with the release of the SETI home screen saver which analyzes data from the Arecibo radio telescope for signs of extraterrestrial life This book explains how likely it is that someone will be found what kind of signals are being looked for and how to communicate with them

Derrida and the Writing of the Body Jones Irwin, 2016-04-22 Michel Foucault refers to 1965 1970 as in philosophical terms the five brief impassioned jubilant enigmatic years This book reinterprets Jacques Derrida s work from this period most especially in *L'écriture et la Différence* Writing and Difference and argues that a transformation takes place here which has been marginalized in readings of his work to date Irwin follows with a look at how the grammatological opening becomes crucial for Derrida s work in the 1970s and beyond incorporating one of his last readings of embodiment from 2000 By drawing our attention to the politics of desire and sexuality this groundbreaking book engages with the work of key continental theorists including Artaud Bataille Nietzsche Heidegger Habermas and Cixous whilst also examining Derrida s relationship with Plato and feminist theory It will appeal to a wide range of readers within the social sciences and philosophy particularly those with interests in gender and sexuality social theory continental thought queer studies and literary theory

Beyond Prejudice John Dixon, Mark Levine, 2012-01-12 The concept of prejudice has profoundly influenced how we have investigated explained and tried to change intergroup relations of discrimination and inequality But what has this concept contributed to our knowledge of relations between groups and what has it obscured or misrepresented How has it expanded or narrowed the horizons of psychological inquiry How effective or ineffective has it been in guiding our attempts to transform social relations and institutions In this book a team of internationally renowned psychologists re evaluate the concept of prejudice in an attempt to move beyond conventional approaches to the subject and to help the reader gain a clearer understanding of relations within and between groups This fresh look at prejudice will appeal to scholars and students of social psychology sociology political science and peace studies

Beyond the Walls of Separation Tobias Brandner, 2013-12-03 Beyond the Walls of Separation is an essential and easy to read guidebook for chaplains and volunteers working in the context of prison and for all those who are professionally or through family links related to those in prison The book tells the story of what life behind bars is and how inmates experience transformation through Christian faith People at the crisis points of their life where they are shattered and where little is left of what made them may experience life as fragile and as a transparent filter for the mysterious Yet they also may experience God s life giving presence Love expressed in forgiveness against all odds against all merits and previous experiences lies at the root of many stories of transformation that emerge from prison The book guides visitors to approach inmates without condescension with an awareness of the social dimension of power and inequality and with sensitivity to the suffering and alienation that individual prisoners experience The many years of prison ministry in different cultural contexts and with inmates from all nations have taught the author that

Christ does not need to be brought to prison through visitors through evangelistic events or through Christian outreach He is already powerfully present in prison
