Bloomberg, Marie Volpe, 2008-01-24 Completing your Qualitative Dissertation fills an important gap in the qualitative research literature by specifically addressing the fast growing practice of qualitative postgraduate dissertations in colleges and universities throughout the world Many students struggle to complete qualitative research projects because the research itself is inherently messy To address this challenge the authors have distilled decades of experience into a first of its kind highly practical reference for graduate students At the heart of the book is a series of chapters that models the typical progression of a dissertation Each chapter is illustrated by examples that give the reader an understanding of what the actual write up would look like Emphasis throughout the book is on conceptual understanding as it relates to the practical aspects involved in navigating the dissertation process *BUNDLE: Patton: Qualitative Research & Evaluation Methods 4e +*

**101 Golden Nuggets for Preparing a Qualitative Dissertation** Linda Dale Bloomberg, 2025-04-08 The 101 nuggets of understanding that comprise this book shed light on the required content of a qualitative dissertation They help readers navigate through the iterative recursive and often messy dissertation process from its inception to a successful completion right from the planning stage through data collection and analysis all the way to writing up presenting and publishing Each nugget is posed in the form of a question as if in conversation with the reader and will hopefully stimulate critical thinking reflection and dialogue This book is the place to turn to for quick though not simplified answers to key questions based on the latest developments in the field of qualitative research It will motivate doctoral students or prospective doctoral students to seek and consult additional relevant texts and resources in order to delve deeper into the many issues involved in preparing for a qualitative dissertation Writing the Qualitative Dissertation Judith M. Meloy, 2001-07 Takes readers

through the process of writing the qualitative dissertation Shares the author's and many correspondents' understandings of and reflections on how it feels and what it means to do qualitative research for the doctoral dissertation The Qualitative Dissertation Maria Piantanida, Noreen B. Garman, 1999-04-16 This guide is for students working on dissertations that are based on qualitative research The guide attempts to frame the dissertation process as a set of iterative cycles of deliberation

which include facing the dissertation moving into the dissertation crafting the research proposal proposing the study living with the study entering into public discourse and adjusting to life after the dissertation The first section consists of 10 chapters focusing on these cycles The second section is comprised of five think pieces more informal and conversational conceptions and misconceptions of deliberation in relation to theoretical perspectives on discourse These pieces are titled What Do We Mean by Deliberation Dissertation Study Groups Cultivating a Community for Discursive Deliberation Knowledge Claims and the Issue of Legitimacy in Educational Research Tuning In to Discourses on Qualitative Inquiry and Text Interpretation Throughout the book insets provide many case examples Contains approximately 250 references DB

The Qualitative Dissertation in Education Karri A. Holley, Michael S. Harris, 2019-04-30 The Qualitative Dissertation in Education focuses on the experiences of students pursuing a doctorate in education and writing a qualitative dissertation The literature on qualitative research has grown substantially over the past 25 years but methods books often fail to consider the unique situations and resources available to students pursuing a professional doctorate This book examines the entirety of the dissertation experience walking readers through the process with examples and guidelines The structure of the book outlines each chapter of the dissertation as well as the necessary steps to start and complete the dissertation such as working with a faculty chair and committee developing a peer support group and organizing literature Not only does the book cover each stage of the dissertation process it also provides practical guidance on topics such as productivity with exercises and resources to help students overcome obstacles and make progress in their writing The Qualitative Dissertation in Education provides a foundation to understand both the basics of qualitative research and the expectations of the EdD dissertation
