Long**

A decorative graphic element consisting of a red circular shape with a white center, partially obscured by a white semi-circular shape, creating a layered effect.

A Textbook Of Social Work A Textbook Of Social Work:

A Textbook of Social Work Brian Sheldon, Geraldine Macdonald, 2010-02-25 This textbook provides a comprehensive discussion of social work practice and its evidence base. It strikes a balance between the need for social workers to understand the social, economic, cultural, and psychological factors which give rise to clients' problems and the need to know how best to respond with practical measures. Introduction to Social Work Lisa E. Cox, Carolyn J. Tice, Dennis D.

Long, 2015-01-21 Introduction to Social Work by Lisa E. Cox, Carolyn J. Tice, and Dennis D. Long is an exciting and timely new text that takes readers to the roots of the social work profession, framing its history, practice settings, and career paths through the lens of advocacy. Closely aligned with the latest Educational Policy and Accreditation Standards (EPAS), the text goes beyond standard coverage to explore such cutting-edge content as military social work, environmental issues, global international social work, housing, and more. Robust applied pedagogy and an emphasis on advocacy and reflective practice help underscore the transformative opportunities and contributions of social work on clinical, client, community, national, and international levels.

The Practice of Social Work Charles Zastrow, 2006 Now available as a paperback, this comprehensive Introduction to Practice book provides students with theoretical and practical knowledge about social work practice. The text covers generalist practice as well as more advanced perspectives on counseling theories that inform social work practice with individuals, families, groups, communities, and organizations. *The Blackwell Companion to Social Work* Martin Davies, 2013-02-25 Fully revised and restructured, this fresh edition offers students and trainee social workers an incisive and authoritative introduction to the subject. As well as entirely new sections on theory and practice, the expert contributions which have shaped the companion's leading reputation have been updated and now include innovative standalone essays on social work theory. Comprehensively reworked, new edition comprising six substantive sections covering essential topics for trainee social workers in effect six books in one. Includes an extensive introduction and chapters by leading experts on the focus and purpose of social work. Provides a unified textbook for trainees and an invaluable professional reference volume. Features a wealth of new material on theory and practice alongside detailed expositions of the social and psychological framework, stages in the human life cycle, and the objectives and core components of social work. Each chapter lists five key points to remember, questions for discussion, and recommendations for further reading.

Social Work Joyce Lishman, Janine Bolger, Neil Gibson, Gary Spolander, Chris Yuill, 2023-05-19 This is a whole course introduction to Social Work. Packed full of case studies, activities, and tools for real-life practice, this practical book will equip social work students with everything they need to know in their first year and beyond. The Field of Social Work Arthur Emil Fink, 1978 The eighth edition of this classic textbook confronts students with the two central issues of the social work profession: How can social workers help people deal with personal misfortune, and what can social workers do to help bring about a just society? Answers to these questions come from the book's four main sections. Part One offers perspectives about social work

and the kinds of things social workers do Part Two describes the major policies and programmes social workers use to help people Part Four discusses helping methods the ways clients are connected to social resources employed by social workers Part Five provides case studies that show these helping processes in action The Field of Social Work s an excellent text for an introductory course in social work It provides the student with a general introduction to the principles of social work and proceeds to applications of specific social work methods providing case studies that illustrate the applications of these methods Changes that have been made in the Eighth Edition include new chapters dealing with case management and social work with families contemporary case studies such as an example of social work in an industrial setting current methods of social work practice and the latest techniques for applying these methods innovative ways of working with minorities new material reflecting the growing interest in working with self help groups

Social Work Steve Rogowski,2020-09-02 Rogowski s second edition of this bestselling textbook responds to the major changes to social work practice since the first edition was published It is fully revised and updated to include new material that is essential for students and practising social workers today Taking a critical perspective Rogowski evaluates social work s development nature and rationale over approximately 150 years He explores how neoliberalism is at the core of the profession s crisis and calls for progressive critical and radical changes to social work policy and practices based on social justice and social change This new edition is substantially updated to explore the impact of austerity policies since 2010 failures to realise the progressive possibilities which followed the death of Baby P contemporary examples of critical and radical practice It also includes a range of student friendly features including chapter summaries key learning and discussion points and further reading

Introducing Social Work Jonathan Parker,2023-04-05 Everything you need to succeed in your social work degree Written by subject experts this essential guide will introduce you to all the core areas of your course helping you develop the knowledge and skills you need to practice with confidence Since launching in 2003 Transforming Social Work Practice has become the market leading series for social work students These books use activities and case studies to build critical thinking and reflection skills and will help social work students to develop good practice through learning These books are Affordable Written to the Professional Capabilities Framework Mapped to the social work curriculum Practical with clear links between theory and practice

Introduction to Social Work, Fourth Edition Ira Colby,Sophia F. Dziegielewski,2015-06 There are certain questions that all students considering social work ask Who are social workers What is it that social workers do How is the social work profession changing What does it take to become a social worker Ira Colby and Sophia Dziegielewski bring their decades of experience in social work practice and education to answer these questions This engaging text gives readers a practical guide to the many ways in which social workers effect change in their communities and the world The authors offer an overview and history of the profession introduce readers to the practice of social work at the micro mezzo and macro level and finally look closely at the many settings and populations that social workers work with While realistically portraying the

pressures and obstacles that social workers face Colby and Dziegielewski communicate their own passion for social work

Introduction to Social Work Lisa E. Cox, Carolyn J. Tice, Dennis D. Long, 2017-11-29 Winner of the 2019 Textbook Excellence Award from the Textbook Academic Authors Association TAA The best selling Introduction to Social Work takes students to the root of the social work profession by covering its history practice settings and career paths within a unique advocacy framework This advocacy practice and policy model comprised of four components economic and social justice a supportive environment human needs and rights and political access provides an effective lens for viewing today s social issues Throughout the book an emphasis on advocacy underscores the transformative opportunities and contributions of social work on not just the clinical client level but also at organizational community national and international levels The Second Edition closely aligns with the latest Educational Policy and Accreditation Standards EPAS from the Council on Social Work Education CSWE and references the 2018 Code of Ethics from the National Association of Social Workers NASW Through the authors inclusion of reflective practice students will be encouraged to engage in critical thought and contemplate a career in social work Free Poster What Can You Do with a Degree in Social Work
