treatment of an issue so large uncharted and vexed Improbably as it might seem this work of unrelenting scholarship and high intellectual drama is also thoroughly entertaining New York Times Book Review One day when all churches accept the presence and achievements of gay people with approbation instead of denial or disapproval Boswell will in no small way be responsible Gay Lesbian Review

Homosexuality in the Netherlands A. X. van Naerssen, 1987 Learn how a society can foster understanding and acceptance of homosexuality This important and unique volume documents gay life in The Netherlands from the early 1700s to the present Respected scholars from The Netherlands provide a comprehensive insider's look at the presentation of homosexuality in Dutch instruction books for youths constitutional protection against discrimination of gays theories on homosexuality among leading Dutch therapists lesbian emancipation and much more **Aquinas's Eschatological Ethics and the Virtue of Temperance** Matthew Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars In Aquinas's Eschatological Ethics and the Virtue of Temperance Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise of the moral virtues that pertain to human flourishing Without the context of the inaugurated kingdom Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance the focus of Levering's book After an opening chapter on the eschatological biblical character of Catholic ethics the ensuing chapters engage Aquinas's theology of temperance in the Summa theologiae which identifies and examines a number of virtues associated with temperance Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature The book develops new vistas for scholars and students interested in moral theology

communities grow through reflection and conscience Michaelson argues passionately for equality not despite religion but because of it With close readings of the Hebrew Bible and New Testament the latest data on the science of sexual orientation and a sympathetic accessible and ecumenical approach to religious faith Michaelson makes the case that sexual diversity is part of the beauty of nature The recognition of same sex families will strengthen not threaten the values religious people hold dear Whatever your views on religion and sexual diversity God vs Gay is a plea for a more compassionate informed conversation and a first step toward creating one
