A Visitable Past Margaretta M. Lovell, 1989 **A Visitable Past** Margaretta M. Lovell, 1989-04-13 In this ambitious and imaginative study Margaretta M Lovell analyzes the large body of accomplished sometimes startling often brilliant work of American artists drawn to Venice's ragged splendor in the last century Including major works by such diverse and talented painters as James McNeill Whistler John Singer Sargent and Maurice Prendergast these richly varied paintings portray sleepy canals architectural monuments and scenes of picturesque everyday life while they also reveal surprising aspects of American culture Republics and empires Melissa Dabakis, Paul H. D. Kaplan, 2021-08-17 Republics and empires provides

transnational perspectives on the significance of Italy to American art and visual culture and the impact of the United States on Italian art and popular culture Covering the period from the Risorgimento to the Cold War it reveals the complexity of the visual discourses that bound two relatively new nations together It also gives substantial attention to literary and critical texts that addressed the evolving cultural relationship between Italy and the United States While American art history has tended to privilege French British and German ties these chapters highlight a rich body of contemporary research by Italian and American scholars that moves beyond a discussion of influence as a one way directive towards a deeper understanding of cultural transactions that profoundly affected the artistic expression of both nations **An American Painter in Venice**
