A Void Georges Perec:

A Void Georges Perec, 1994 A complex mystery thriller comedy from the author of *Life A User's Manual* **A Void** is a great linguistic adventure and a metaphysical whodunit chock full of plots and subplots of trails in pursuit of trails all of displays Georges Perec's virtuosity as a verbal magician It is also an outrageous verbal stunt a 300 page novel that never once employs the letter E The year is 1968 and as France is torn apart by social and political anarchy the noted eccentric and insomniac Anton Vowl goes missing Ransacking his Paris flat his best friends scour his diary for clues to his whereabouts At first glance these pages reveal nothing but Vowl's penchant for word games especially for lipograms compositions in which the use of a particular letter is suppressed But as the friends work out Vowl's verbal puzzles and as they investigate various leads discovered among the entries they too disappear one by one by one and under the most mysterious circumstances A book that only Georges Perec could have conceived The New York Times called *A Void* a rollicking story wildly amusing and easily accessible to all of us who don't mind slipping sliding and being tripped

The Politics of Play Aubrey Gabel, 2025-10-15 Showing the political importance of play in postwar French literature In postwar France authors approached writing ludically placing rules and conditions on language and on the context of composition itself They eliminated e's and feminized texts they traveled according to strict rules and invented outright silly public personas *The Politics of Play* Oulipo and the Legacy of French Literary Ludics is a comprehensive examination of how and why French authors turned to these ludic methods to grapple with their political moment These writers were responding to a range of historical upheavals from the rise and fall of French feminist and Third Worldist groups to the aftermath of international socialism both at home in the former Parisian Belt and in France more broadly and abroad in post Yugoslavia Balkan states and elsewhere Juxtaposing an array of case studies and drawing on cross disciplinary methodologies Aubrey Gabel reads three generations of the formalist literary group Oulipo including Raymond Queneau Georges Perec and Jacques Jouet alongside writers not traditionally deemed ludic or sometimes not even conventionally known as novelists such as the lesbian activist writer Monique Wittig and the editor Francois Maspero Gabel argues that literary ludics serve as both an authorial strategy and a political form playful methods allow writers not only to represent history in code but also to intervene creatively as political actors in the fraught social fields of midcentury France and beyond

Strategies of Silence Moy McCrory, Simon Heywood, 2021-02-25 This unique book takes silence as its central concept and questions the range of meanings and values which inform the idea as it impinges on the creative process and its content and contexts The thematic core of silence allows a consideration of silencing and silence as opposite ends of a spectrum one shutting down the other enabling and opening up As a multidisciplinary collection of essays derived from the teaching and implementation of Creative Writing at university level the contributors consider silence as strategic both through the need for silence and as something which compels resistance They explore how writing has employed images and tropes of silence

in the past and used silence and gaps technically In considering marginalised and forgotten voices this book shows how writers bring their diverse range of backgrounds and experience to work with and against silence in Creative Writing Studies The first theoretical work on silence in Creative Writing this field shifting book is an essential read for both practitioners and students of Creative Writing at the higher education level *Figures of Radical Absence* Alexandra-Ecaterina

Irimia,2023-10-04 What is there to see in invisible artworks empty books or blank screens How do formal absences generate meaning Constructing an argument by way of montage this book is an annotated inventory of textual visual and conceptual figures of absence Spanning different media it reveals a creative tradition that uses absence not as a negative aesthetic category but as a productive state of radical indeterminacy with its own politics and poetics Although post structuralism highlighted the importance of what is offstage lost forgotten hidden or discarded silent or silenced the poetics and politics of absence much like its ethics and aesthetics have rarely been discussed across media and disciplines This book proposes the concept of radical absence to describe a certain tradition of resistance to ontology predication and representation contesting their reliance on a metaphysics of presence Apophatic speech empty signifiers and figural voids are some of the figures through which radical absence becomes apparent with unprecedented intensity in twentieth century theory literature film and the arts Phantasmatic and outrageous such figures play with creative strategies of dematerialization irony and other forms of discursive undoing Therefore absence becomes more than a simple theme it reflects back on the medium and the meaning making conditions under which it operates Elusive and imprecise as an object of study absence requires more subtle and flexible epistemological frameworks than have been available to date This monograph proposes we think of it not only as a counter concept for presence but also and perhaps more productively as infinite spacing deferral fragmentation and displacement **The Fantastic in Holocaust Literature and Film** Judith B. Kerman,John Edgar Browning,2014-11-18

When reality becomes fantastic what literary effects will render it credible or comprehensible To respond meaningfully to the surreality of the Holocaust writers must produce works of moral and emotional complexity One way they have achieved this is through elements of fantasy Covering a range of theoretical perspectives this collection of essays explores the use of fantastic story telling in Holocaust literature and film Writers such as Jane Yolen and Art Spiegelman are discussed as well as the sci fi television series V 1983 Stephen King s novella Apt Pupil 1982 Guillermo del Toro s Pan s Labyrinth 2006 and Martin Scorsese s dark thriller Shutter Island 2010 *Inventory* A.V. Club,2009-10-13 Each week the writers of The A V Club issue a slightly slanted pop culture list filled with challenging opinions Is David Bowie s Young Americans nearly ruined by saxophone and fascinating facts Exploring twenty four great films too painful to watch twice fourteen tragic movie masturbation scenes eighteen songs about crappy cities and much more Inventory combines a massive helping of new lists created especially for the book with a few favorites first seen at AVClub.com and in the pages of The A V Club s sister publication The Onion But wait There s more John Hodgman offers a set of minutely detailed and probably fictional character

actors Patton Oswalt waxes ecstatic about the quiet film revolutions that changed cinema in small but exciting ways Amy Sedaris lists fifty things that make her laugh Weird Al Yankovic examines the noises of Mad magazine s Don Martin Plus lists from Paul Thomas Anderson Robert Ben Garant Tom Lennon Andrew W K Tim and Eric Daniel Handler and Zach Galifianakis and an epic foreword from essayist Chuck Klosterman

Poetry & Barthes Calum Gardner, 2018 The influence of Roland Barthes on contemporary culture has been the subject of much analysis but never before has this influence been closely examined in relation to poetry This innovative study traces Anglophone poetry s response to the literary and cultural theory of Barthes from debate to adoption adaptation and rejection

Evaluations of US Poetry since 1950, Volume 1 Robert von Hallberg, Robert Faggen, 2021-12-01 Over the last sixty years scholars and critics have focused on literary history and interpretation rather than literary value When value is addressed the standards are usually political and identitarian The essays collected in both volumes of Evaluations of US Poetry since 1950 move away from esoteric literary criticism toward a more evaluative and speculative inquiry that will serve as the basis from which poets will be discussed and taught over the next half century and beyond Von Hallberg and Faggen have curated a diverse selection of authors to explore this topic Volume 1 focuses on voice language form and musicality Stephen Yenser writes about Elizabeth Bishop Stephanie Burt about C D Wright Nigel Smith about Paul Simon and Marjorie Perloff about Charles Bernstein among others The essays do not provide an exhaustive survey of recent poetry Instead Evaluations of US Poetry since 1950 presents readers with more than thirty different models of literary absorption and advocacy This is done in explicit hope of reorienting the criticism of poetry
