ABOARD LCS 11 IN WW II Lawrence B. Smith, 2011-01-01 **American Amphibious Gunboats in World War II** Robin L. Rielly, 2013-05-04 As the United States began its campaign against numerous Japanese held islands in the Pacific Japanese tactics required them to develop new weapons and strategies One of the most crucial to the island assaults was a new group of amphibious gunboats that could deliver heavy fire close in to shore as American forces landed These gunboats were also to prove important in the interdiction of inter island barge traffic and late in the war the kamikaze threat Several variations of these gunboats were developed based on the troop carrying LCI L They included three conversions of the LCI L with various combinations of guns rockets and mortars and a fourth gunboat the LCS L based on the same hull but designed as a weapons platform from the beginning By the end of the war the amphibious gunboats had proven their worth

Shipmates Gary Burns, 2016-10-04 In late 1944 78 U S Navy sailors and officers climbed aboard a ship just 150 feet long and 23 feet wide and headed toward the sound of gunfire One of a class of gunboats known as mighty midgets LCS 52 carried an arsenal equal to ships twice its size Yet its shallow draft enabled it to maneuver to within a few hundred feet of any beach Packed inside the tiny craft the diverse crew were farmers students cooks and teachers They ranged from age 17 to middle aged a few had seen combat in the Atlantic and the Pacific This book tells the story of the ship s extensive service in World War II s Pacific Theater Most of the crew survived the war as did LCS 52 itself serving in the U S Navy and Japanese Maritime Self Defense Force until 1958 when it was decommissioned and used for artillery practice A roll call of crew members is included with biographical information when available USS LCI - Landing Craft Infantry Vol II , 1995-06-15

The U.S. Navy's "Interim" LSM(R)s in World War II Ron MacKay, Jr., 2016-04-26 The Interim LSM R or Landing Ship Medium Rocket was a revolutionary development in rocket warfare in World War II and the U S Navy s first true rocket ship An entirely new class of commissioned warship and the forerunners of today s missile firing naval combatants these ships began as improvised conversions of conventional amphibious landing craft in South Carolina s Charleston Navy Yard during late 1944 They were rushed to the Pacific Theatre to support the U S Army and Marines with heavy rocket bombardments that devastated Japanese forces on Okinawa in 1945 Their primary mission was to deliver maximum firepower to enemy targets ashore Yet LSM R s also repulsed explosive Japanese speed boats rescued crippled warships recovered hundreds of survivors at sea and were deployed as antisubmarine hunter killers Casualties were staggering enemy gunfire blasted one while kamikaze attacks sank three crippled a fourth and grazed two more This book provides a comprehensive operational history of the Navy s 12 original Interim LSM R s **History of United States Naval Operations in World War II** Samuel Eliot Morison, 2002-02-05 This final narrative volume of Morison s history recounts the infamous campaigns for Iwo Jima and Okinawa two of the most bitterly contested campaigns of the war When the U S Marines landed on Iwo Jima they expected to secure it within a few days No one had anticipated Japan s determination to defend the island to the last man

Morison describes the Japanese defense system of camouflaged rifle pits and fortified gunning positions that held the Allies at bay and the heavy and continuous cover of naval gunfire that prevented even greater losses. As it was the securing of Iwo Jima that cost the United States more casualties than had been incurred in taking any other island in the Pacific. On Okinawa the conflict stretched over six long bloody months. As land forces struggled for every inch they took on the islands, the U S Navy faced the desperate fury of the kamikaze corps and its harvest of flaming terror explosions burning and flooded ships, searing injuries and death. Fierce weather, logistical complexities, Japanese submarines, and the unexpected death of President Roosevelt also took their toll. Morison concludes his epic account with the final skirmishes of the war, the fateful decision to drop the atomic bomb, and the delicate negotiations leading to Japanese surrender.

Kamikaze Attacks of World War II Robin L. Rieley, 2010 This book details more than 400 kamikaze attacks performed by Japanese aircraft, manned torpedoes, suicide boats, and suicide swimmers against U S ships during World War II. Part One focuses on the traditions, development, and history. Part Two details the kamikaze attacks on ships. Appendices list all of the U S ships suffering kamikaze attacks. Provided by publisher.

African American World War II Casualties and Decorations in the Navy, Coast Guard and Merchant Marine Glenn A. Knoblock, 2009-08-03 This book is an account of the 2,445 African American men who were killed, wounded, or decorated during World War II in the Navy, Coast Guard, and Merchant Marine. In addition to detailing the circumstances and location of each loss, information of a more personal nature is often included. The book includes many pictures of the men profiled. Provided by publisher.

On Board the USS Boise in World War II Ian S. Bertram, 2025-09-17 The story of the USS Boise CL 47 is one of fear, loss, endurance, fame, triumph, and pain. The light cruiser endured a remarkable career through the entirety of World War II with a redemption arc that took its crew from the position of scapegoats to heroes and ultimately to the vanguard of America's liberation forces. One man, Donald B. Fitch, witnessed the entire conflict from his battle station on the bridge. The ship conducted secret missions and fought at Guadalcanal, Sicily, New Guinea, and the Philippines. Through Fitch's eyes, this book relives the terrors and thrills of naval combat along with the pranks, shenanigans, and the rumors that were the lifeblood of a ship through four years of war. Fitch and his friends fought for each other and their country, and in the end, they left their mark on history.
