About Time Journal Journal Notebook:

Kierkegaard's Journals and Notebooks Søren Kierkegaard, 2007 Produced by Copenhagen's Søren Kierkegaard Research Centre this volume the first of an eleven volume series offers an insight into Kierkegaard's inner life In addition to early drafts of his published works it also contains his thoughts on events and philosophical and theological matters and ideas for future literary projects

Kierkegaard's Journals and Notebooks, Volume 1 Søren Kierkegaard, 2015-06-22 I would like to write a novel in which the main character would be a man who got a pair of glasses one lens of which reduced images as powerfully as an oxyhydrogen microscope and the other of which magnified on the same scale so that he perceived everything relatively A flight of fancy by an aspiring science fiction writer While it may sound as such this wistful musing is one of the little discussed personal reflections of nineteenth century philosopher Søren Kierkegaard whose remarkable journals and notebooks unpublished during his lifetime are presented here The first of an eleven volume series produced by Copenhagen's Søren Kierkegaard Research Centre this volume is the first English translation and commentary of Kierkegaard's journals based on up to date scholarship It offers new insight into Kierkegaard's inner life In addition to early drafts of his published works the journals contain his thoughts on current events and philosophical and theological matters notes on books he was reading miscellaneous jottings and ideas for future literary projects Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the marginal comments he added later The new edition of the journals reproduces this format and contains photographs of original manuscript pages as well as extensive scholarly commentary Translated by leading experts on Kierkegaard Journals and Notebooks will become the benchmark for all future Kierkegaard scholarship

Kierkegaard's Journals and Notebooks, Volume 9 Søren Kierkegaard, 2017-05-09 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial

entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 9 of this 11 volume series includes five of Kierkegaard's important NB journals Journals NB26 through NB30 which span from June 1852 to August 1854 This period was marked by Kierkegaard's increasing preoccupation with what he saw as an unbridgeable gulf in Christianity between the absolute ideal of the religion of the New Testament and the official state sanctioned culture of Christendom which embodied by the Danish People's Church Kierkegaard rejected with increasing vehemence Crucially Kierkegaard's nemesis Bishop Jakob Peter Mynster died during this period and in the months following Kierkegaard can be seen moving inexorably toward the famous attack on Christendom with which he ended his life *Kierkegaard's Journals and Notebooks, Volume 7* Søren Kierkegaard, 2014-10-05 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Volume 7 of this 11 volume series includes six of Kierkegaard's important NB journals Journals NB15 through NB20 covering the months from early January 1850 to mid September of that year By this time it had become clear that popular sovereignty ushered in by the revolution of 1848 and ratified by the Danish constitution of 1849 had come to stay and Kierkegaard now intensified his criticism of the notion that everything even matters involving the human soul could be decided by balloting He also continued to direct his barbs at the established Danish Church and its clergy particularly Bishop J P Mynster and Professor H L Martensen at the press and at the attempt by modern philosophy to comprehend the incomprehensibility of faith Kierkegaard's reading notes include entries on Augustine the Stoics German mystics Luther pietist authors and Rousseau while his autobiographical reflections circle around the question of which if any of several essays explaining his life and works he ought to publish Perhaps unsurprisingly Kierkegaard's more personal reflections return once again to his public feud with M A Goldschmidt

and his broken engagement to Regine Olsen Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Mark Twain's Notebooks and Journals, Volume III Mark Twain,2023-12-22 Volume III of Mark Twain s notebooks spans the years 1883 to 1891 a period during which Mark Twain s personal fortunes reached their zenith as he emerged as one of the most successful authors and publishers in American literary history During these years Life on the Mississippi Adventures of Huckleberry Finn and a Connecticut Yankee in King Arthur s Court appeared revealing the diversity depth and vitality of Mark Twain s literary talents With his speeches his public performances and his lecture tour of 1884 1885 he became the most recognizable of national figures At the same time Mark Twain s growing fame and prosperity allowed him to plunge deeply into the business world a sphere not suited to his erratic energies He created the subscription publish firm of Charles L Webster Company Which published the most profitable book of its time the Personal Memoirs of U S Grant And he became the primary financial support for the ingenious but imperfectible Paige typesetter Within a few years both the publishing company and the typesetter had taxed Mark Twain s patience and pocket beyond endurance The near bankruptcy of the publishing firm and the debacle of the typesetter scheme finally resulted in 1891 in a drastic decision to leave the house in Hartford Connecticut which had long been the symbol of Mark Twain s rising fortunes and idyllic family life and move to Europe for an indefinite period in the hope of reducing the family s living expenses The Clemens family would never return to the Hartford house and the European stay would lengthen into an almost unbroken nine years of exile Mark Twain s notebooks permit an intimate view of this turbulent period whose triumphs were tempered by intimations of financial disaster and personal bitterness Volume III of Mark Twain s notebooks spans the years 1883 to 1891 a period during which Mark Twain s personal fortunes reached their zenith as he emerged as one of the most successful authors and publishers in American literary history During these yea **Kierkegaard's Journals and Notebooks Volume 10** Søren Kierkegaard,2018-08-14 For over a century the Danish thinker S ren Kierkegaard 1813 55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history s great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard s journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of

thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 10 of this series includes the final six of Kierkegaard's important NB journals Journals NB31 through NB36 which cover the last months of 1854 a period when Kierkegaard made the final preparations for and the initial launch of his furious assault on the established church But in addition to this incendiary material these journals also contain a great trove of his reflections on theology philosophy and the perils and opportunities of modernity
