Acceptable Prejudice Fat Rhetoric And Social Justice:

Acceptable Prejudice? Lonie McMichael, Ph.D., 2013-08-01 Fat prejudice is exploding in American society yet even social justice advocates tend to deny fat individuals protection because fat is seen as unhealthy and permanently changeable concepts supported by a great deal of societal belief and very little scientific evidence Using bell hooks ideology of domination Lonie McMichael explores the phenomena of fat prejudice from inception to resistance through a rhetorical lens Looking at the actual experiences of fat people she argues that fat prejudice is neither acceptable nor tolerable in our society Publishers Weekly called Acceptable Prejudice a useful introduction to a burgeoning movement will make readers question their attitudes about overweight people

Acceptable Prejudice? Fat, Rhetoric and Social Justice Lonie McMichael, 2013 Fat prejudice is exploding in American society yet even social justice advocates tend to deny fat individuals protection because fat is seen as unhealthy and permanently changeable concepts supported by a great deal of societal belief and very little scientific evidence Using bell hooks ideology of domination Lonie McMichael explores the phenomena of fat prejudice from inception to resistance through a rhetorical lens Looking at the actual experiences of fat people she argues that fat prejudice is neither acceptable nor tolerable in our society Publisher s Weekly calls Acceptable Prejudice a useful introduction to a burgeoning movement will make readers question their attitudes about overweight people

Fat Studies and Fat Social Justice Carla A. Pfeffer, 2025-08-18 This book offers examinations from the field of fat studies to consider how fat social justice has been conceptualized in the past its status today and how we might more effectively envision and strategize around fat social justice for the future For decades fatness has been decried as a global public health scourge crisis and epidemic An array of dietary exercise surgical behavioral psychological interpersonal and pharmaceutical interventions have been amassed with the aim of diminishing bodily fat to no long term avail Alongside this costly array of interventions are myriad empirical research studies demonstrating the profound consequences of anti fat social stigma and bias across nearly every facet of social life today Even as representation of some fat bodies slowly begins to expand the largest fat people experience increasing social isolation broad lack of access care refusals and public ridicule Fatness is intersectionally experienced producing variable outcomes for individuals and groups of people who live at these intersections and few legal protections exist to protect fat people from fatphobia anti fat stigma and discrimination The contributions to this book offer reflections provocations and possibilities for next steps in the fight toward fat social justice today One of the themes that recurs across many of the pieces herein is the need to better attend to intersections of identity embodiment and experiences in the lives of fat people today A second theme is ensuring greater focus on multiply marginalized fat people and groups in order to develop better and more effective approaches for working toward fat social justice for all fat people Finally all of the work herein attests to the power of fat people to form alliances initiatives self concepts and communities that serve to empower and affirm their dignity worth and to underline their deservingness of freedom from discrimination stigma and

oppression This book was originally published as a special issue of Fat Studies The Fat Pedagogy Reader Erin Cameron, Constance Russell, 2016-03-30 Over the past decade concerns about a global obesity epidemic have flourished Public health messages around physical activity fitness and nutrition permeate society despite significant evidence disputing the facts we have come to believe about obesity We live in a culture that privileges thinness and enables weight based oppression often expressed as fat phobia and fat bullying New interdisciplinary fields that problematize obesity have emerged including critical obesity studies critical weight studies and fat studies There also is a small but growing literature examining weight based oppression in educational settings in what has come to be called fat pedagogy The very first book of its kind The Fat Pedagogy Reader brings together an international interdisciplinary roster of respected authors who share heartfelt stories of oppression privilege resistance and action fascinating descriptions of empirical research confessional tales of pedagogical mis adventures and diverse accounts of educational interventions that show promise Taken together the authors illuminate both possibilities and pitfalls for fat pedagogy that will be of interest to scholars educators and social justice activists Concluding with a fat pedagogy manifesto the book lays a solid foundation for this important and exciting new field This book could be adopted in courses in fat studies critical weight studies bodies and embodiment fat pedagogy feminist pedagogy gender and education critical pedagogy social justice education and diversity in education Fat Poets Speak 3 Frannie Zellman, 2020-08-15 The Fat Poets Society writes about their joys sorrows anger sadness and pleasure at living in a world that constantly tries to reject and inhibit fat people Volume 3 of the Fat Poets Speak series Fat Poets Speak 3 FatDance Flying comprises poems in which the poets alternately dance and fly moving their feet and their bodies and then growing wings as they encompass the earth above the earth and finally the sky breaking the bodily barrier To all who choose to read this volume they say Come dance and fly with us The Fat Poets Society began at a writing workshop at the 2006 convention of the National Association to Advance Fat Acceptance NAAFA The first volume in the series Fat Poets Speak Voices of the Fat Poets Society was published by Pearlsong Press in May 2009 and praised as groundbreaking **The Body Positivity Movement** Gemma Lucy Gibson, 2025-09-30 The Body Positivity Movement A Story of Acceptable Fatness investigates the contemporary body positivity movement and its origins Starting in 1969 using memoirs life writing and autobiography author Gemma Lucy Gibson traces body positive activities and practices of the fat activist movement up to the present day The Routledge International Handbook of Fat Studies Cat Pausé, Sonya Renee Taylor, 2021-04-18 The Routledge International Handbook of Fat Studies brings together a diverse body of work from around the globe and across a wide range of Fat Studies topics and perspectives The first major collection of its kind it explores the epistemology ontology and methodology of fatness with attention to issues such as gender and sexuality disability and embodiment health race media discrimination and pedagogy Presenting work from both scholarly writers and activists this volume reflects a range of critical perspectives vital to the expansion of Fat Studies and thus constitutes an essential resource for researchers in the

field **Fat Kids** Rebecca Jane Weinstein, 2014-10-06 *Fat Kids Truth and Consequences* is an informational vault of deeply personal tales and essential information focusing on the lives, questions and concerns of parents and children living in a childhood obesity crisis. Unlike most books about weight, however, *Fat Kids* is not a dieting or weight loss how-to; it instead explores the true human experiences and often untold science outside the current political positioning on children and weight. This book powerfully combines interviews, relevant research, social anecdotes, personal author accounts, and the reality of children struggling with weight to create a narrative that is profoundly poignant, accessible, and essential for understanding our current war on fat. *Fat Kids* is a truly unique work; all other books focusing on children and weight are solely focused only on diet and weight loss. This book, with its empathetic point of view, raw emotion, and solid information, is a necessary voice in the literary scene.

The Politics of Size Ragen Chastain, 2014-11-25 This book presents an unprecedented opportunity for people to hear from a simultaneously ostracized, ridiculed, and ignored group: fat Americans. Find out how the members of this very diverse group of people describe their actual lived experiences, quality of life, hopes, and dreams, and demands. Our society is body size obsessed. The result: An environment where fat people are consistently shunned and discussed disparagingly behind their backs. Although fat people typically bear the brunt of the institutionalized oppression around being oversized, pervasive, close-minded attitudes about body size in America affect everyone of all sizes, from people who are shamed for being too thin to those whose lives revolve around the fear of becoming fat. This book talks about a topic that is important to all readers, regardless of their physical size, providing an anthology of first-person accounts of what it's like to be part of the fat acceptance movement and on the front lines of activism in the war on obesity. *The Politics of Size: Perspectives from the Fat Acceptance Movement* supplies a frank discussion of the issues surrounding being fat and the associated health concerns, both physical and mental, and reframes the discussion about obesity from a medical issue to a social one. The essays serve to correct misinformation about obesity and fat people that is commonly accepted by the general public, such as the idea that fat and healthy are mutually exclusive. Subject matter covered includes fat-friendly workplace policies, fat dating experiences, and the intersections of being fat and also a person of color, a person with disabilities, a transgender person, or a member of another sub-group of society.

Weight and Wisdom Nancy Ellis-Ordway, Tigress Osborn, 2025-01-01 Over the last 50 years in the United States, the medical establishment, the beauty industry, and the mainstream media have relentlessly forwarded the belief that fat is unattractive and unhealthy. While many believe that anti-fat ideas went unchallenged until the rise of body positivity, there have always been resisters. In the worlds of eating disorders treatment, Health at Every Size advocacy, and fat activism, challengers to our cultural narratives have championed another way for decades. In this collection, 34 of those trailblazing rebels against body oppression voice the history of challenging the status quo and working to create a world where all bodies are valued. The result is a multifaceted compilation of stories from researchers, legal experts, clinicians, scholars, and activists who pushed back against weight bias and all its various harmful

practices and outcomes Through interviews and personal essays Weight and Wisdom documents untold stories reflects on shortcomings and successes and invites readers to continue cross generational dialogues to ensure body liberation
