Kinaesthetic Knowing Zeynep Çelik Alexander, 2017-12-08 Is all knowledge the product of thought Or can the physical interactions of the body with the world produce reliable knowledge In late nineteenth century Europe scientists artists and other intellectuals theorized the latter as a new way of knowing which Zeynep Çelik Alexander here dubs kinaesthetic knowing In this book Alexander offers the first major intellectual history of kinaesthetic knowing and its influence on the formation of modern art and architecture and especially modern design education Focusing in particular on Germany and tracing the story up to the start of World War II Alexander reveals the tension between intellectual meditation and immediate experience to be at the heart of the modern discourse of aesthetics playing a major part in the artistic and teaching practices of numerous key figures of the period including Heinrich Wölfflin Hermann Obrist August Endell László Moholy Nagy and many others Ultimately she shows kinaesthetic knowing did not become the foundation of the human sciences as some of its advocates had hoped but it did lay the groundwork at such institutions as the Bauhaus for modern art and architecture in the twentieth century

Ellen Emmet Rand Alexis L. Boylan, 2020-10-29 Ellen Emmet Rand 1875 1941 was one of the most important and prolific portraitists in the United States in the first decades of the twentieth century She negotiated her career reputation family and finances in modern and commercially savvy ways revealing the complex negotiations needed to balance these competing pressures Engaging with newly available archival documents and featuring scholars with radically different approaches to visual culture this edited collection not only seeks to interrogate the meaning of Rand's portraits and her career but indeed to rethink gender art race business and modernism in the twentieth century

Professional Pursuits Catherine W. Zipf, 2007 Zipf focuses on five gifted women in various parts of the country In San Diego Hazel Wood Waterman parlayed her Arts and Crafts training into a career in architecture Cincinnati's Mary Louise McLaughlin expanded on her interest in Arts and Crafts pottery by inventing new ceramic technology New York's Candace Wheeler established four businesses that used Arts and Crafts production to help other women earn a living In Syracuse both Adelaide Alsop Robineau and Irene Sargent were responsible for disseminating Arts and Crafts related information through the movement's publications Each woman's story is different but each played an important part in the creation of professional opportunities

for women in a male dominated society The Club Jennifer Dasal, 2025-07-15 Through masterful research and sparkling prose The Club feels like an exclusive invitation to a Parisian enclave during an era of artistic and social transformation Michael Finkel 1 New York Times best selling author of The Art Thief A deliciously entertaining never before told history of a residence for American women artists in Paris from 1893 to 1914 In Belle poque Paris the Eiffel Tower was newly built France was experiencing remarkable political stability and American women were painting the town and gathering at a female only Residence known as The American Girls Club in Paris Opened in 1893 The Club was the center of expatriate living and of dedication to a calling in the fine arts and singularly harbored a generation of independent talented and driven American women Now in The Club curator art historian and podcast host Jennifer Dasal presents the never before told story of the Club the philanthropists who created it and the artists it housed These women forged connections in the arts and letters with luminaries like Auguste Rodin and Gertrude Stein or became activists through their relationships with the likes of Emmeline Pankhurst But just as importantly these women s lives revealed the power of the Club itself and the way that having a safe home for single women of ambition allowed them to grow as teachers artists suffragists and people For readers interested in women s lives as captured in books like The Barbizon art history buffs who loved Ninth Street Women and armchair travelers longing to visit Belle poque Paris The Club is a captivating colorful new history Art Wars Rachel N. Klein, 2020-07-17 A study of three controversies that illuminate the changing cultural role of art exhibition in the nineteenth century From the antebellum era through the Gilded Age New York City s leading art institutions were lightning rods for conflict In the decades before the Civil War art promoters believed that aesthetic taste could foster national unity and assuage urban conflicts by the 1880s such hopes had faded and the taste for art assumed more personal connotations associated with consumption and domestic decoration Art Wars chronicles three protracted public battles that marked this transformation The first battle began in 1849 and resulted in the downfall of the American Art Union the most popular and influential art institution in North America at mid century The second erupted in 1880 over the Metropolitan Museum s massive collection of Cypriot antiquities which had been plundered and sold to its trustees by the man who became the museum s first paid director The third escalated in the mid 1880s and forced the Metropolitan Museum to open its doors on Sunday the only day when working people were able to attend In chronicling these disputes Rachel N Klein considers cultural fissures that ran much deeper than the specific complaints that landed protagonists in court New York s major nineteenth century art institutions came under intense scrutiny not only because Americans invested them with moral and civic consequences but also because they were part and parcel of explosive processes associated with the rise of industrial capitalism Elite New Yorkers spearheaded the creation of the Art Union and the Metropolitan but those institutions became enmeshed in popular struggles related to slavery immigration race industrial production and the rights of working people Art Wars examines popular engagement with New York s art institutions and illuminates the changing cultural role of art

exhibition over the course of the nineteenth century **Rethinking Professionalism** Kristina Huneault, Janice Anderson, 2012 The first collection of scholarly essays on women and art in Canadian history *A Companion to the Gilded Age and Progressive Era* Christopher McKnight Nichols, Nancy C. Unger, 2022-06-15 A Companion to the Gilded Age and Progressive Era presents a collection of new historiographic essays covering the years between 1877 and 1920 a period which saw the U S emerge from the ashes of Reconstruction to become a world power The single definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era Features contributions by leading scholars in a wide range of relevant specialties Coverage of the period includes geographic social cultural economic political diplomatic ethnic racial gendered religious global and ecological themes and approaches In today's era often referred to as a second Gilded Age this book offers relevant historical analysis of the factors that helped create contemporary society Fills an important chronological gap in period based American history collections [Votes for Women](#) Kate Clarke Lemay, Susan Goodier, Martha Jones, Lisa Tetrault, 2019-03-26 Published to accompany the exhibition Votes for Women A Portrait of Persistence at the National Portrait Gallery Smithsonian Institution Washington D C March 1 2019 January 5 2020 Colophon
