contemporary chefs is working to deconstruct stereotypical and constrictive representations of French food and to create new cuisines that are in turn more inviting inclusive hospitable and convivial as well as more globally sustainable Exploring the transatlantic relation between France and the US through the lens of food offers a significant point of entry into the ways in which imagined gastronomies reflect imagined communities past present and future in an ever globalizing world This book will be of great interest to students and scholars from a wide range of interdisciplinary fields of study including food studies global French and Francophone studies cultural studies media studies Black African American studies history and ethnography

Rebel Chef Dominique Crenn,Emma Brockes,2020-06-09 The inspiring and deeply personal memoir from highly acclaimed chef Dominique Crenn By the time Dominique Crenn decided to become a chef at the age of twenty one she knew it was a near impossible dream in France where almost all restaurant kitchens were run by men So she left her home and everything she knew to move to San Francisco where she would train under the legendary Jeremiah Tower Almost thirty years later Crenn was awarded three Michelin Stars in 2018 for her influential restaurant Atelier Crenn and became the first female chef in the United States to receive this honor no small feat for someone who hadn t gone to culinary school or been formally trained In Rebel Chef Crenn tells of her untraditional coming of age as a chef beginning with her childhood in Versailles where she was emboldened by her parents to be curious and independent But there is another reason Crenn has always felt free to pursue her own unconventional course Adopted as a toddler she didn t resemble her parents or even look traditionally French Growing up she often felt like an outsider and was haunted by a past she knew nothing about But after years of working to fill this blank space Crenn has embraced the power her history gives her to be whoever she wants to be Here is a disarmingly honest and revealing look at one woman s evolution from a daring young chef to a respected activist Reflecting on the years she spent working in the male centric world of professional kitchens Crenn tracks her career from struggling cook to running one of the world s most acclaimed restaurants while at the same time speaking out on restaurant culture sexism immigration and climate change At once a tale of personal discovery and a tribute to unrelenting determination Rebel Chef is the story of one woman making a place for herself in the kitchen and in the world
