A Short Survey Of Surrealism:

A Short Survey of Surrealism David Gascoyne, 1936 **A Short Survey of Surrealism, by David Gascoyne** David Gascoyne, 1935 A short survey of surrealism, 1935 *The Cambridge History of Twentieth-Century English Literature* Laura Marcus, Peter Nicholls, 2004 Publisher Description **Surrealism** David Gascoyne, 1935 **Peter De Vries and Surrealism** Dan Champion, 1995 De Vries's style and narrative technique are often surrealistic and he mentions surrealism and surrealists in all but two of his twenty six books Yet in fifty years of commentary on De Vries scarcely any notice has been taken of these surrealist elements Dada and After Alan Young, 1983 **Historical Dictionary of Surrealism** Will Atkin, 2021-12-10 The Surrealist Movement is an international intellectual movement that has led a sustained questioning of the basis of human experience under twentieth and twenty first century modernity since its founding in the early 1920s Influenced by the psychoanalytical teachings of Sigmund Freud Surrealism emerged among the generation that had witnessed the insanity and horror of the First World War and was conceived of as a framework for investigating the little understood phenomena of dreams and the unconscious In these territories the surrealists recognized an alternative axis of human experience that did not align with the rational workaday rhythms of modern life and which instead revealed the extent to which individual subjectivity had been constrained by post Enlightenment rationalism and by the economic forces governing the post industrial world Against these trends the Surrealist Movement has sought to re evaluate the foundations of modern society and reassert the primacy of the imagination for almost a century to date This book offers focused introductions to numerous writers poets artists filmmakers precursors groups movements events concepts cultures nations and publications connected to Surrealism providing orientation for students and casual readers alike Historical Dictionary of Surrealism Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries on the Surrealist Movement's engagement with the realms of politics philosophy science poetry art and cinema and charts the international surrealist community's diverse explorations of specific thematic territories such as magic occultism mythology eroticism and gothicism This book is an excellent resource for students researchers and anyone wanting to know more about surrealism **The Language of Surrealism** Peter Stockwell, 2016-10-14 The Language of Surrealism explores the revolutionary experiments in language and mind undertaken by the surrealists across Europe between the wars Highly influential on the development of art literary modernism and current popular culture surrealist style remains challenging striking resonant and thrilling and the techniques by which surrealist writing achieves this are set out clearly in this book Stockwell draws on recent work in cognitive poetics and literary linguistics to re evaluate surrealism in its own historical setting In the process the book questions later critical theoretical views of language that have distorted our ideas about both surrealism and language itself What follows is a piece of literary criticism that is fully contextualised historically sensitive and textually driven and which sets out in rich and

Catholic Modernism and the Irish "Avant-Garde:" The Achievement of Brian Coffey, Denis Devlin, and Thomas MacGreevey James Matthew Wilson, 2023-09-12 This study constitutes the first ever definitive account of the life and work of Irish modernist poets Thomas MacGreevy Brian Coffey and Denis Devlin Apprenticed to the likes of W B Yeats T S Eliot James Joyce and Samuel Beckett all three writers worked at the center of modernist letters in England France and the United States but did so from a distinctive perspective All three writers wrote with a deep commitment to the intellectual life of Catholicism and saw the new movement in the arts as making possible for the first time a rich sacramental expression of the divine beauty in aesthetic form MacGreevy spent his life trying to voice the Augustinian vision he found in The City of God Coffey a student of neo Thomist philosopher Jacques Maritain married scholastic thought and a densely wrought poetics to give form and solution to the alienation of modern life Devlin contemplated the world with the eyes of Montaigne and the heart of Pascal as he searched for a poetry that could realize the divine presence in the experience of the modern person Taken together MacGreevy Coffey and Devlin exemplify the modern Catholic intellectual seeking to engage the modern world on its own terms while drawing the age toward fulfillment within the mystery and splendor of the Church They stand apart from their Irish contemporaries for their religious seriousness and cosmopolitan openness of European modernism They lay bare the theological potencies of modern art and do so with a sophistication and insight distinctive to themselves Although MacGreevy Coffey and Devlin have received considerable critical attention in the past this is the first book to study their work comprehensively from MacGreevy s early poems and essays on Joyce and Eliot to Coffey s essays in the neo scholastic philosophy of science and on to Devlin s late poetic attempts to realize Dante s divine vision in a Europe shattered by war and modern doubt
