

A SHORT HISTORY OF

Opera

FOURTH EDITION

Donald Jay Grant & Hermine Weigel Williams

A Short History Of Opera Fourth Edition

**Russ Girsberger, Frank L.
Battisti, William Berz**

A Short History Of Opera Fourth Edition:

A Short History of Opera Donald J. Grout, Hermine Weigel Williams, 2003-07-18 When first published in 1947 *A Short History of Opera* immediately achieved international status as a classic in the field. Now more than five decades later this thoroughly revised and expanded fourth edition informs and entertains opera lovers just as its predecessors have. The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama. After surveying anticipations of the operatic form in the lyric theater of the Greeks, medieval dramatic music, and other forerunners, the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day. *A Short History of Opera* examines not only the standard performance repertoire but also works considered important for the genre's development. Its expanded scope investigates opera from Eastern European countries and Finland. The section on twentieth-century opera has been reorganized around national operatic traditions, including a chapter devoted solely to opera in the United States which incorporates material on the American musical and ties between classical opera and popular musical theater. A separate section on Chinese opera is also included. With an extensive multilanguage bibliography, more than one hundred musical examples, and stage illustrations, this authoritative one-volume survey will be invaluable to students and serious opera buffs. New fans will also find it highly accessible and informative. Extremely thorough in its coverage, *A Short History of Opera* is now more than ever the book to turn to for anyone who wants to know about the history of this art form.

A Short History of Opera Donald Jay Grout, Hermine Weigel Williams, 2003 The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama. After surveying anticipations of the operatic form in the lyric theater of the Greeks, medieval dramatic music, and other forerunners, the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day. Jacket *A Short History of Opera* Donald Jay Grout, Hermine Weigel Williams, 1988 A systematic survey presenting the essential points in the history of opera clearly and in the proper proportion with musical examples throughout *A History of Opera* Carolyn Abbate, Roger Parker, 2015-09-08 The best single volume ever written on the subject, such is its range, authority, and readability. *Times Literary Supplement* Why has opera transfixed and fascinated audiences for centuries? Carolyn Abbate and Roger Parker answer this question in their effervescent, witty *Die Welt*. Germany retelling of the history of opera, examining its development, the musical and dramatic means by which it communicates, and its role in society. Now with an expanded examination of opera as an institution in the twenty-first century, this lucid and sweeping *Boston Globe* narrative explores the tensions that have sustained opera over four hundred years, between words and music, character and singer, inattention and absorption. Abbate and Parker argue that though the genre's most popular and enduring works were almost all written in a distant European past, opera continues to change the viewer physically, emotionally, intellectually, with its enduring power. **A History of Western Philosophy of Music** James O. Young, 2023-01-26 This book presents a comprehensive, accessible

survey of Western philosophy of music from Pythagoras to the present Its narrative traces themes and schools through history in a sequence of five chapters that survey the ancient medieval early modern modern and contemporary periods Its wide ranging coverage includes medieval Islamic thinkers Continental and analytic thinkers and neglected female thinkers such as Vernon Lee Violet Paget All aspects of the philosophy of music are discussed including music and the cosmos music s value music s relation to the other arts the problem of opera the origins of musical genius music s emotional impact the moral effects of music the ontology of musical works and the relevance of music s historical context The volume will be valuable for students and scholars in philosophy and musicology and all who are interested in the ways in which philosophers throughout history have thought about music *The Viennese Ballroom in the Age of Beethoven* Erica Buurman, 2021-12-02 Reveals how the culture and repertoire of the early Viennese ballroom permeated and intersected with other areas of musical life **The Collected Writings of Franz Liszt** Janita R. Hall-Swadley, 2013-12-19 In Dramaturgical Leaves Essays about Musical Works for the Stage and Queries about the Stage Its Composers and Performers the third volume in Janita R Hall Swadley s *The Collected Writings of Franz Liszt* Liszt heralds his admiration for early nineteenth century opera and musical stage works He honors Gluck the musical prophet as the cultivator of dramatic truth in the Romantic opera *Orpheus* expounds on Beethoven s harmonic inventions and innovative treatment of form in *Fidelio* and argues for the latter s incidental music to Goethe s *Egmont* as the epitome of music organicism a complete unity of words and tone He also comments on Weber s *Euryanthe* as offering the most progressive musical characterizations and declamation even more so than his popular work *Der Freischütz* and on how both works prefigure Wagner s music dramas awards Mendelssohn whose genius Liszt ranks only slightly less than Beethoven s top honors for creating in *Midsummer s Night Dream* the highest standards of music poetry suggests how Scribe and Meyerbeer s *Robert the Devil* paints a mental image of art s eternal flames where poet and musician share equal space in the development of music tragedy reveals how the poetic deficiencies in the libretto to Schubert s *Alfonso and Estrella* are too easily overlooked because of the music s melodic and lyrical supremacy and offers in contrast Auber s *Mute from Portici* a remarkable text by many historically picturesque musical motives that are universal and nationalistic at the same time Finally Liszt offers an early gender study in music in his essay about Bellini s *Montague and Capulet* as well as its impact on nineteenth century audiences a look at Boieldieu s *White Lady* as a sublime depiction of literary music and Donizetti s *Favorite* as colored with a special type of imagery a *laterna magica* in Liszt s hand The beloved soprano Pauline Viardot Garcia receives special attention in an essay devoted entirely to her and Liszt proffers a critique of *entr acte* music as a pointless tradition that dethrones music and insults the artist and composer by making music a palate cleanser This volume includes a detailed discussion about what it meant to be patronized by Liszt and how his support financial literary and musical helped shape many a music career It also offers commentary on how gender in opera was sometimes obscured not only for dramatic interest but also as part of the process of outlining a nation s

identity as well as a thorough study of Liszt's concepts of Gestalt theory the Archetype and his musical Weltanschauung his musical world view all revealing his contribution to 19th century music philosophy as it relates to opera Finally a historical review of entr'acte music is presented how it began and how it developed to clarify Liszt's stance against it making this volume a necessary read for music historians serious musicians and music connoisseurs alike What was Tragedy? Blair Hoxby, 2015 What was Tragedy reconstructs the early modern poetics of tragedy with which practicing dramatists worked In doing so it not only illuminates recognized masterpieces but also encourages readers to explore a rich repertoire of tragic drama previously relegated to obscurity only because we lacked the language to interpret it Sourcebook for Wind Band and Instrumental Music Russ Girsberger, Frank L. Battisti, William Berz, 2014-11-01 Meredith Music Resource This sourcebook was created to aid directors and teachers in finding the information they need and expand their general knowledge The resources were selected from hundreds of published and on line sources found in journals magazines music company catalogs and publications numerous websites doctoral dissertations graduate theses encyclopedias various databases and a great many books Information was also solicited from outstanding college university school wind band directors and instrumental teachers The information is arranged in four sections Section 1 General Resources About Music Section 2 Specific Resources Section 3 Use of Literature Section 4 Library Staffing and Management Josephine's Composer Andrew Everett Ma, Andrew Everett, 2013
