A Theory of Pure Design Denman W. Ross, 2017-10-13 Excerpt from A Theory of Pure Design Harmony Balance Rhythm I am giving this book to the Public with great reluctance Though I have had it in mind for many years and have put no end of thought and work into it it seems to me inadequate and unsatisfactory It will hardly be published before I shall discover in it errors both of omission and commission The book presents a new definition of principles a new association of ideas It is inconceivable that this my first published statement should be either consistent or complete It will be a long time I am sure before it can be brought to a satisfactory shape It is simply the best statement that I can make at this time One reason perhaps my best reason for publishing this Theory before it is completely worked out About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Theory of Pure Design, 1907 A Theory of Pure Design Harmony Balance Rhythm by Denman Ross Waldo first published in 1907 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it THEORY OF PURE DESIGN DENMAN.
